UFO's....

To Those Who've Seen Them, They're Real!!!

Although public reaction to the most recent rash of unidentified flying objects in the Gulf Coast area has run the gamut from fright to derisive scepticism, stories and descriptions of the UFO's by eye witnesses has been surprisingly consistent.

News stories have been cropping up in rapidly increasing numbers over the past two weeks of Coast residents who insist they have seen strange, brightly lighted objects swooping across the skies.

There's been national news coverage of the two Pascagoula fishermen who say they not only saw one at close range, but were "lifted up" into the craft then deposited, unharmed, back on the ground.

Tuesday a Long Beach cab driver told of an encounter with a UFO and one of its occupants in the pre-dawn hours when he was driving on Highway 90 in Gulfport.

In Hancock County, County Civil Defense Director Donald McIntyre has been investigating reports from a startling total of almost 50 persons each of whom insists that he or she has seen one of the UFO's. Some residents of the Kiln community, where there has apparently been the greatest percentage of UFO activity, have reported multiple sightings.

In the period between Friday night about 9 p.m. and Monday early morning, 35 Hancock countians say they were frightened by sudden appearances of the strange craft.

A school teacher, who lives near Highway 603 and Necaise Crossing, and who refused to disclose her identity, described a terrifying ride down a deserted country road, about 9 p.m. Friday night as she watched a UFO, "big and cylindrical with red and orange flashing and blinking lights" soundlessly swooping across the tree tops about 1,000 feet from her car.

At the same time, Mrs. Earline Duprey, her brother Berlyn Cuevas and their father saw what is believed to be the same craft as they were standing before a store at the Cuevas Junction intersection. In an interview with the Echo, Mrs. Duprey described the UFO

exactly as did the teacher, stating that it was traveling in an easterly direction. Six other persons in the store also saw the UFO, Mrs. Duprey said.

The next morning about 5 a.m., Mrs. Duprey and her sister-in-law saw another one, this one "glowed and was all white, but it changed color from white to orange to dark red as it dropped down behind the trees near the power plant", she stated.

Several miles away but still in Kiln, Mrs. Vernon Ladner told the Echo of a Sunday night encounter when her 16-year-old daughter and a girl friend watched one touch down in a cleared field back of their home. Mrs. Ladner said she and her 10-year-old son were in the trailer about 7:30 p.m. when the two girls outside began screaming and crying. As she went out, Mrs. Ladner related, she saw the craft, again "large, shaped like a flat football and glowing all over with bright lights."

drop-to-within-a-couple-of-feet-of-the ground, hover momentarily then rise and sweep out of sight.

"I don't know what it was, but it DEFINITELY was not a plane or a helicopter," she said, emphatically repeating statements by other UFO watchers.

In Harrison County several people reported seeing UFO's during the last week.

Early Tuesday morning, a Long Beach taxi cab driver told Gulfport police that he had been confronted by a creature from a UFO as he was returning from taking a passenger to Keesler Air Force Base, according to Gulfport Chief of Police Craig M. Monroe.

John Lane, 706 N. Nicholson, told police that he was driving west on U.S. Highway 90 near the White House Hotel when a UFO came up on the Gulf side of the highway. As the object neared his cab his lights went out and the motor stopped, Lane stated.

Frightened, Lane said he lay down on the front seat until he heard a pecking noise on the car window. He told authorities that he looked up and saw a creature with hands like crayfish claws and big shining eyes. He added that the

creature appeared to be tan in color.

At 4:40 a.m. another cab driver found Lane unconscious in his car parked about three blocks east of Cowan Road on Highway 90. The other driver reported that Lane's cab lights were off and the motor was still running.

On Oct. 12, six Pass Christian residents reported seeing a UFO in the northwest skies over the Pass. One of the residents, Mrs. Etta Dubuisson, 428 Clark St., told an Echo reporter that she and several other people had seen an object which was glittering and changing colors from blue to red to white to a pinkish tint. Mrs. Dubuisson said she couldn't see the outline of the object because it was so far away. The object remained stationary for a while and then "just disappeared while we were watching it," she added. The object was visible for approximately five minutes, she stated.

Other residents who reported seeing the UFO were Emily Dubuisson, 428 Clark St.; Geraldine Bailey, 424 Clark St.; Audrey Saucier, Route 2, Pass Christian and Doris and Betty Breland, 428 Clark St.

Growing disturbed by the frequency of the sightings State Representative Earl E. Ladner, also a Kiln resident, has requested the Hancock County sheriff's department to keep an accurate log of all calls relating to UFO sightings and is working with McIntyre on investigation of the phenomena.

Ladner contacted Governor Bill Waller Monday requesting a Highway Safety Patrol plane for special reconnaissance duty in Hancock County.

The situation is reminiscent of the early 1950's when a rash of UFO sightings all across the United States

(Continued on Page 10-A)

Judge Griffin To Speak Veterans Day

An invitation has been extended to all county and municipal officials, as well as members of the American Legion, Veterans of Foreign Wars, World War I veterans and respective auxiliaries to attend Veterans Day activities Monday at the County Court House.

John Rutherford, Americanism chairman and Leo Vetter, commander of American Legion Post 139 have announced plans for the annual observance traditionally held on the court house grounds.

"We would like to see all Boy and Girl Scouts, all schools and the general public attend the activities Monday morning," Rutherford stated.

The program will begin at 9:45 a.m. with a parade, starting from Bay Junior High campus on Carroll Ave. The parade, composed of marching groups from area schools and other units, will wind down Second St. to Union to the beach and back up Main to the court house.

A flag raising will open the ceremonies on the steps of the court house, followed by an address by guest speaker Circuit Judge J. Ruble Griffin. A part of the observance will be a tree

Valentine Resigns Post At Hancock Hospital

Howard Valentine resigned from his post as director of Hancock General Hospital during a board meeting Tuesday night.

Valentine, who had been retained by the board three months ago, listed the doctor shortage and recent hospital cutbacks as the primary reasons for his action.

In a letter of resignation, the former purchasing agent for Methodist Hospital in New Orleans stated, "I was hired to administrate a 56-bed hospital which was in three months cut back to a 25-bed hospital." When he was hired, Valentine continued, he was not made aware of "the critical doctor shortage the hospital was to face in the coming months."

Valentine also alluded to differences with "one or more members of the board" on basic management philosophy. His resignation was to become effective Dec. 1.

In two separate motions, the board of trustees accepted Valentine's resignation and appointed Mrs. Mona Santiago to her former position as assistant administrator for the interim period necessary to secure another administrator.

WHICH WAY DID IT GO? — County Civil Defense Director Don McIntyre listens intently as Mrs. Earline Duprey, 25, Kiln community resident, describes the two UFO's she and members of her family saw near their home. Their first sighting was Friday night, then Saturday at dawn, Mrs. Duprey told McIntyre she watched one fly across the field in the background. County authorities are investigating the increasing incidents of UFO sightings in the last week.

Jury Finds Burge Not Guilty Of Rape

by Dan Barber
Echo staff writer

The three-day trial of Gerald Lynn Burge, arrested Sept. 11, 1971 for the alleged rape of a 16-year-old Biloxi girl, ended at 9 p.m. Wednesday when the jury brought a verdict of not guilty.

Trial began after the two other defendants in the case, Larry Garland Bennett and his brother Henry Carlton Bennett entered guilty pleas to a lesser charge of statutory rape Monday.

The state wrapped up its case against the defendant late Wednesday morning after assistant district attorney Harold Depiaza had presented testimony from Paul Miles, a night watchman who was

supposedly the first person that the victim and her brother solicited aid from on the night of the alleged attack.

The state had earlier presented testimony from the brother of the girl, from Emile Piazza, Hancock County coroner and former deputy sheriff at the time of the alleged attack; Maj. James Christman, Air Force doctor stationed at Keesler AFB who examined the victim; and the victim herself.

Defense counsel for Burge, Larry Norris of Hattiesburg, placed his client on the stand late yesterday afternoon to refute the charges and later cross examined Henry Bennett, who also testified for the state.

Norris has made numerous motions for a mistrial to Judge Floyd Logan during the three days of testimony heard so far. Norris moved for a mistrial several times on the basis that mention of narcotics was made by several of the state's witnesses in what he said was "a deliberate attempt on the part of the state" to prejudice the jury against his client.

Another motion for a mistrial was made after the court heard the girl's testimony Tuesday. Norris said that conflicting statements made by the girl discredited her testimony. Norris referred to her testimony in the first trial of defendants Burge and Henry Bennett in Oct. 1972. Norris said that testimony as shown in the official transcript of the first trial directly conflicted with her testimony Tuesday. On Tuesday the girl stated that Larry Bennett had raped her after Burge. Transcripts of testimony in the first trial revealed that the young woman testified that Henry Bennett had raped

planting by the Bay-Waveland Junior Auxiliary, in memory of veterans of all wars.

Bids Opened For Major Repairs To Court House

Bids for renovation and major repairs to the county court house were opened Monday at a meeting of the board of supervisors, but were held in abeyance pending reshuffling of revenue sharing fund allocations for possible financing of the massive project.

Bids for electrical system changes and air conditioning of the whole building as well as acoustical ceiling and new lighting in the main court room were received from only three contractors.

Bidders and their total cost estimates included E. J. Fizzetta Mechanical Contractors, Inc. of Biloxi, \$104,761 in 120 calendar days; Terry Feeney, Inc. of Waveland, \$117,000 in 150 calendar days; Weaver and Sons, Inc., Gulfport, \$99,000 in 120 calendar days.

Other bids were opened for equipment for police departments and member-departments of the Hancock Firemen's Association, to be financed under pre-set revenue sharing allocations. Submitting bids for various articles of equipment were Jay Wallis Two-Way Radio, Reliable Electronics, Martin Blough of Jackson and Moosa Equipment Co., a Louisiana firm. All bids were held in abeyance pending further consideration.

George Williamson of DeLaurel Engineers in New Orleans, approached the board with a proposal for his firm to conduct a survey for a master sewerage and drainage plan for the county, similar to one Williamson said

Garbage Fee To Aid City Coffers

The Bay St. Louis City Council agreed Monday on a proposal to collect a monthly \$1.50 city garbage fee in a move designed to bring new revenue into the city treasury. Mayor Warren Carver said that the proposal would net an estimated \$49,000 per year. An ordinance authorizing the city to collect the garbage fee had been passed by a prior council in Jan. 1970, but that the ordinance had not yet been enforced, the Mayor stated.

He added that the garbage fee would probably be put on October's utility billings as a special charge "if we can get the books straight by then."

The council, which has been working on its 1973-74 budget for the past week, said that the added revenue would make possible a proposed budget of \$550,768 for the city.

Carver presented his budget figures to the council along with the announcement of the garbage fee. The budget represents the general operating expenses for the city during the next fiscal year and includes a 5.5 per cent wage increase for sanitation workers effective Oct. 1.

The budget was tentatively approved by the council. Carver said that the budget would be officially adopted after the council had had an opportunity to discuss the garbage fee with city attorney Joseph Gex.

Currently the two primary sources of revenue for the city are a one cent sales tax which grosses about \$180,000 a year, and a 15-mill city fund levy on homes and home improvements.

In other business the council passed a motion to accept a proposal by Utility Commissioner Lucien Kidd to establish a contract with Wastewater Plant Service Co. of Pass Christian.

The company will provide plant chemistry services for the city's sewage disposal system at a cost of \$175 a month. The service will consist of a bi-weekly analysis of the city's lagoon system for suspended solids, the pH condition, dissolved oxygen, fecal coliform, and biochemical oxygen demand.

The company will additionally file monthly operating report-laboratory analyses to state and federal environmental protection agencies combining its findings with data collected by city plant employees.

Kidd said that the company provides more frequent testing than the state and federal agencies presently call for, but is good insurance against more stringent test standards from such agencies in the future.

Kidd noted that the company would begin tests on the lagoon Nov. 1.

In an unrelated matter, the council declined to assume cost of operating an air conditioner donated to the city dog pound. Mayor and council denied the petition from the Humane Society on the grounds that there was no appropriation in the city budget for such expense, and that someone would probably steal the air conditioner anyway.

SHORTLES BY ADOREE

Dear Sam,

Well, the big thing right now is UFO's. Everybody is seeing them, or it, or whatever to the extent that the UFO craze has sort of taken the heat off of the supervisors.

People keep calling the office to tell me about the one they saw but I haven't been able to call any back to hear about their experiences as I have been spending a lot of time driving around with county officials trying to track one down.

Any more, one can't even go out for a little peaceful fishing. I mean, it's bad enough having to cope with bad weather, high tides and rough water, but a few nights ago a couple of fellows were fishing, minding their own business, off a deserted pier in Pascagoula and darned if one of the silly things didn't suddenly appear right over their heads!

And then, while they were standing there, aghast at this sudden intrusion, it had the effrontery to disgorge a couple of occupants, lift the two fishermen off the ground and sort of float them into the craft. There are a lot of ways to get swept off your feet, but this is ridiculous!

Apparently they didn't pass muster because after a few minutes, they were deposited back on the ground and it just disappeared. Imagine the feeling to be rejected by a UFO. One of the guys fainting which I think was pretty smart, under the circumstances. The other one, visibly shaken, refused to talk about it after awhile. They never did say whether or not they caught any fish.

The whole thing lends itself to some interesting flights of imagination. For instance, there's the husband coming home Friday night, late as usual and more than a little sloshed, who now can say to his irate wife meeting him at the door, "I was held up by a stalled UFO."

Or the teenage girl, who didn't make it in by Mother's curfew, stating with great dignity, "I was held captive by a UFO."

And there's the driver who tells the police after he's bashed into the rear of the car on the highway, "Gee, officer, I was blinded by the flashing lights of this UFO - he cut right across the highway in front of me. Why don't you give him a ticket?"

One thing you have to say for Gulf Coastians, we are certainly hospitable. We always try to make everyone feel at home... everybody... everything? Well, anyway, there's a sign at the Downlender that says "UFO Pilots Welcome". At Waveland bank, Bill Ireland has already set the mortgage rate at 10 percent on a UFO shelter and if anyone wants to buy his own UFO he'll finance that, too. I think that's pretty accommodating.

Probably the worst experience was suffered by two of our county officials last Monday night as they were wandering around county roads, interviewing UFO watchers. One of the things found them and kind of hung around for a few minutes, which pretty much threw them back into a state of confusion.

After all, it's one thing to hear about it but it's something else to be faced with one. What do you say to a UFO? One of the officials was upset later as he has been a sheriff's deputy and a constable and his law enforcement instincts came to the fore.

He said it was in violation of practically every traffic regulation there is. It had no safety sticker, no tag, lights were too bright and it was definitely speeding. And it was a traffic hazard, as they almost ran off the road when they saw it. Of course, his companion pointed out that it wasn't really on the road. There was about 1,000 feet of air between the craft and the asphalt. How do you write that one up?

The big question extant now is, not what are they, but where are they from? The possibilities there are a little unnerving. The military is of no help at all nor is the government. Authorities contacted tend to either scoff or to testily brush off any requests for suggestions.

If there's only one, he really gets around fast as people are seeing him in widely scattered areas at the same time. And if there are whole bunches, what are they hanging around here for?

One elderly county resident grumbled that it's probably ABC agents looking for skills. And would you believe, a friend called me from New Orleans just last night about the UFO activity here, and had the nerve to suggest that some of us had gotten into some "bad cider up in the woods."

Personally, I think they're from New Orleans. After all, we got everything else undesirable from New Orleans. The county is full of freaks, thieves, and other ill-assorted types who are flocking here in increasing numbers. Some pass through and others stay awhile, often as guests of the sheriff. Why not UFO's? Maybe they're tired of the pollution and hassle in the big city. Can you imagine parking a space ship?

I hear you're gone off to Israel. You're certainly picked an unfortunate time to go there. Incidentally, if you hear of any lost or misplaced space craft in that neck of the woods, let me know. I think we've located them.

Bay St. Louis Police Report

Bay St. Louis police responded to 53 calls in the period between Oct. 10 and Oct. 17.

Through cooperation of a quick witted priest and the Bay police, a stolen car was recovered before it was reported stolen by the owner. On Oct. 10 about 10 p.m. police received a call from a priest at St. Augustine seminary who reported seeing a man fleeing from a 1972 Audi sedan, parked on Seminary Dr. Police impounded the automobile which bore a Jones county license plate. The next morning the automobile was returned to the owner, who told authorities the car had been taken from near his apartment at Bay Royale.

Police are investigating several cases of reported vandalism of mail boxes on Longfellow Drive as well as on Boulog St. Residents have complained that their boxes were knocked down or damaged.

Also under investigation are complaints of discharging firearms in the Bay Oaks and Chantilly Drive areas. Bay Police Chief William Carbonette has issued a warning that the practice is not only dangerous but is in violation of city ordinances. Violation of the ordinance can bring a fine and jail sentence.

LANCE CORPORAL THOMAS J. MINARIK

The Marine Barracks is home for the President's own Marine Band, The Drum and Bugle Corps, and the Silent Drill Platoon. The Drum and Bugle Corps at 8th and I is one of the Star attractions. It represents the elite of Marine Field Music selected from units around the world. They are known for their weekly ceremonies during the summer months at the Marine Barracks parade ground, and also at the Marine Corps War Memorial, which the public is invited. They also participate

in many Washington, D. C. functions, including the Cherry Blossom Festival, Inauguration ceremonies for the Presidents, and in Garrison parades and play for dignitaries. They also tour nation wide and abroad.

His parents are Mr. and Mrs. Herb Minarik of Franklin, La. His grandparents are Mr. and Mrs. Otto Rester of the Leetown community.

MR. AND MRS. HENRY CAPDEPON WANTED A NEW CAR - SO THEY VISITED THEIR OLD FRIEND FRITZ PERANICH AT TURAN-LANE CHEVROLET LIKE THEY DID THE LAST TIME.

Mr. and Mrs. Capdepon of Bay St. Louis had purchased other cars from veteran salesman Fritz Peranich, so when they needed another car they visited him again and he fixed them up in a new Chevy and again at a real good price. Veteran car salesman Fritz Peranich has been selling new cars in Bay St. Louis for many years and when he sells a person a car he tries his best to give them the best deal possible because he and Turan-Lane Chevrolet wants their business the next time they buy.

MRS. HENRY CAPDEPON
Bay St. Louis, Miss.

Remember our Motto: The only deals we miss are the ones we don't know about.

Grand Jury Returns 23 Indictments

A special Hancock County grand jury empaneled by Judge J. Ruble Griffin returned 23 indictments in 34 cases considered last week and issued reports of various county offices and agencies.

Foreman George M. Cleary presented the grand jury's findings to presiding Circuit Judge Floyd J. Logan. The following is a complete text of the grand jury's report.

We, the Grand Jury, having been duly empaneled, sworn and charged at the October 1973 Term, now beg leave to submit this our final report. We have been in session for four (4) days, during which

time we have examined 61 witnesses, considered 34 cases, and returned 23 indictments.

COURTHOUSE INSPECTION
We have made an inspection of the Hancock County Courthouse and we find it in fair condition. We recommend air conditioning for the Courtroom and also for the witness room and the jury room on the third floor. More adequate facilities would be desired for the Veterans Service Office.

JAIL INSPECTION
We find the jail to be in fair condition, although the jail is obsolete. Consideration should be given to obtaining Federal Funds to propose a new facility for the jail and Sheriff's Department.

YOUTH DETENTION CENTER
We find the center to be in excellent condition; however, we feel that a new building should be provided for the Sheriff, and the office he now occupies should be made into additional cells.

COUNTY HOME
We find the home for the aged is being run in an excellent manner and Mr. and Mrs. Fricks are to be commended for their work.

HOSPITAL
We found that the hospital was generally in good condition. Mr. Valentine, the new administrator, was correcting the discrepancies found in a previous Grand Jury inspection. We recommend that the ceiling tiles be replaced as needed as seen in the kitchen and hall area. Mr. Valentine advises us on the New Hancock Emergency Medical Services Program he has instituted at the hospital with classes to begin on October 17, 1973 for better medical care in Hancock County. We request that the proper authorities of Hancock County take immediate action to procure additional doctors for use at the hospital and to service all of Hancock County.

CHANCERY CLERK'S OFFICE
We commend Mr. John Rutherford for the fine job that he is doing as Chancery Clerk. We thank Mr. Rutherford for appearing before the Grand Jury and explaining the budget as appeared erroneously in the Hawk. We the jury believe that elected officials should be praised when doing good work as well as prosecuted when practicing unfairly. The budget that was just completed as of September 30, 1972, showed the Grand Jury

that there were no misappropriations of funds in the fuel or gravel budget. The budget figure is better than a 50 per cent drop over the preceding two year audit.

PORT AND HARBOR COMMISSION
At the request of the Grand Jury, Dr. Michael Smith, Director of the Port and Harbor Commission appeared. He explained the workings of the Port and Harbor, both at the Industrial Site and Stennis Field Airport. We commend Dr. Michael Smith for his work over the past 38 months and recommend to the Board of Supervisors that they reconsider Dr. Smith's letter of resignation. We further recommend that the Board of Supervisors give the Port and Harbor Commission more latitude in spending of appropriated Port and Harbor funds, that the Board of Supervisors designate for that purpose in order to elevate the Commission in assisting in the growth of Hancock County.

We, the Grand Jury, wish to thank your Honor for your able charge to us at the time we were empaneled, and for the instructions as to the law of the State of Mississippi, which you so kindly read at our empanelment.

We have enjoyed our service as a Grand Jury and recommend to all citizens of Hancock County to serve when called upon to be a juror.

And now, having fully completed our labors, we respectfully beg to stand finally discharged.

This 11th day of October, A.D., 1973.

Reflections . . . of the past

A FAMILY AFFAIR was this formal photograph of the Benignos and Franceses. (Readers are urged to submit photos to the Echo for use in Reflections. All pictures will be returned unharmed at the Echo office. Use of all photos is left to the discretion of the editor.)

Argus Will Head Tulane Homecoming

Bill Argus, Jr., Bay St. Louis and New Orleans architect, has been appointed general chairman of the 1973 Tulane University Homecoming.

Argus, a 1962 graduate of the Tulane School of Architecture, will direct all phases of the university's homecoming celebration to be held November 9-10. Homecoming Day will be observed November 10 and will be climaxed by the Tulane-Navy football game at 7:30 p.m. in Tulane Stadium.

This year's homecoming observance will mark the 75th anniversary of the Tulane Alumni Association. Theme of the celebration will be "Anchors-A-Wave", Argus said.

Events will include reunions of 40 graduating classes of the university; meetings and special programs by alumni club's of the university's various colleges and schools; the homecoming parade scheduled for noon November 10 in the university section of the city; and the annual

Tulane Alumni Association to be held at 4 p.m. November 10. Principal speaker will be Dr. John L. McLeas, Secretary of the U. S. Department of the Air Force, Washington, D. C., a 1943 Tulane graduate.

Argus is a partner and executive vice-president of Blitch Associates, Ltd., Bay St. Louis architectural firm; and a director and officer of J. Buchanan-Blitch and Associates, architectural firm of New Orleans. He is a member of the board of directors of the Tulane Alumni Association and served for a number of years as chairman of the Tulane homecoming parade.

He has designed a number of structures on the Gulf Coast and has received several awards for their outstanding design. These have included an honor award from the Guild for Religious Architecture for architectural excellence in the design of Christ Episcopal Church, Bay St. Louis; and an honor award for architectural excellence from the student chapter of the Louisiana Architects Association for the design of St. John the Evangelist Church, Gulfport.

Sweet Sale Will Send Band To State

The Bay High Tiger Pride Band is conducting a fund-raising candy sale this week. The proceeds will go toward financing the trip to State Band Contest in Jackson, Miss. this spring. Tiger Pride under the direction of Joe Cacibauda, received an overall Superior rating last year for the first time in 27 years. The band plans to repeat that performance again this year Cacibauda said. If accomplished it will be the first time in the history of the school that the band has received two consecutive Superior ratings in two consecutive years.

The band and its director request that the public please help support this fund-raising drive. Donations will be appreciated and received in the band hall at the Jr. High or by any member of Tiger Pride. Candy may be purchased from any member of the band.

A WARM WELCOME is extended to Charles Carter, left, new president and director of Security Savings and Loan Association, by Robert Hamilton, Hancock Bank vice-president in Bay St. Louis, during a reception for Carter in the Security Savings Bay office. Carter, who is chairman of the board of directors of Bankers Trust Co., Bankers Trust Savings and Loan Assn. and National General Insurance Co., came to the Gulf Coast from Jackson, Security Savings maintains offices in Gulfport and Bay St. Louis. Personnel in the Bay office are Miss Mary Boggs, Mrs. Margaret Gavagnie, Mrs. Clara Lee Asher and Joe A. (Bill) Burrow, Jr., manager.

4-H's Get On Beautification Bandwagon

The 4-H Clubs of Hancock County are participating in the "Keep Mississippi Beautiful" Committees "Get Bitter About Litter" campaign. Public awareness of the litter problem and en-

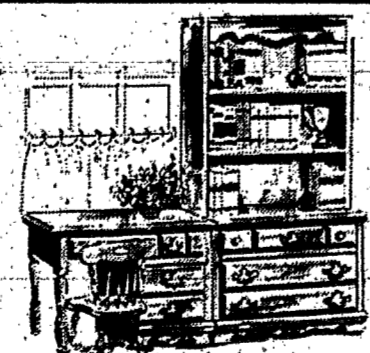

couragement for everyone to "get bitter about litter" and help eliminate this ugly and costly blemish on our environment are the program's objectives.

Although the week of October 8-13 was set aside for a concerted clean-up effort, the program emphasizes year-round community effort in preventing litter.

If everyone became aware of the situation and active in helping to correct it, "Get Bitter About Litter" will mark the beginning of the end to the litter problem all over Mississippi. Let's Keep Mississippi Beautiful. "Get Bitter About Litter."

South Central Bell Telephone Company, along

with many other businesses and organization throughout the state, is making an all out effort to implement this important campaign. In addition to their truck signs, Get Bitter About Litter, which will be placed on the company's installation and repair trucks, the employees driving these trucks will be furnished a large litter bag which will be used to collect litter found in their work areas each day. Litter bags are also being furnished by South Central Bell Telephone Company to 4-H Clubs in the County.

Colling's Corner

By E.S. Colling

The country is in a state of shock over the revelations of the past week about dishonesty in high places. And in lower places, too—it seems as if an epidemic of greed is pervading the entire atmosphere and the biggest and the littlest citizens are succumbing to it.

Is our country in danger of disintegration from the actions of those who put desire above honor? It could be. It has happened to other great dynasties in the past—Rome and Greece, for example, as well as innumerable smaller states and enterprises. When opportunity puts money into men's hands in return for dishonesty, how many have the moral strength to do what they know is right?

And having given in to the lure of gold, what have the malefactors gained? What did Mr. Agnew gain in comparison to what he lost? Edward Fitzgerald, through his Omar Khayyam, hit the nail on the head when he asked: "I often wonder what the vintners buy one half so precious as the goods they sell?" Or the Holy Word puts it even more succinctly: "What doth it profit a man if he gain the whole world and lose his own soul?" Who wins in that deal?

We hear much today about the increase in crime, referring to murders, robberies and the like, but did you ever know a time when so many men in

public trust were grabbing everything they can in graft and payoffs? Public officials by the dozen are under investigation and charges are being filed almost daily against others. It's as if the world had sprung a leak and the fast-rising water has almost reached our bellies, but nobody cares if only his feet are sodden. We, naive complacents that we were, could scarcely credit the scandal of Teapot Dome and the thievery of Secretary Fall and Doheny, whom we compared to Benedict Arnold and Aaron Burr, but they were exceptions; in general, the Ship of State sailed on an even keel and even the gyrations of Harding and his wife caused no more than a brief luff to starboard.

And today, the venality of the vice-president of the United States, however shocking, could be borne with sober composure, were it not that his act emphasizes the pattern being set by a score of other officials. Which brings up the question: Why do they do it? And the answer is pretty obvious: because we—all of us—let them. Beat supervisor, mayor, governor, Vice President—we elect them all. Often we keep them in office year after year, sometimes in spite of very dubious records in office. Let's think of that next election day.

Chamber Report

By Sylvia McComiskey
Hancock County Chamber of Commerce Manager

The school zone flashing lights at the Dunbar Ave. Highway 90 crossing are installed and flashing. This is a project that our Chamber has been working on since November of 1972. The unified cooperation of the City of Bay St. Louis, the Bay St. Louis Separate School Board and Bailey Electric Company has made this safety measure for the children of our area possible. The money and effort expended on this project by ourselves and these people is well worth the results. Thank you's are in order for all concerned.

Mr. Earl R. Clark, director of Industrial Relations for Lockheed Propulsion Company met with Chamber, school and city officials last week at the Chamber office to learn about our area and point out to us the benefits to be derived by the em-

ployment for our area should Lockheed receive the contract for development of solid rocket motors for the Space Shuttle Program. This contract will be awarded in mid-November and, should Lockheed win the contract, it could mean over 800 new jobs, over half at MTF. This employment buildup would be slow, which will be perfect for expansion in our County. We can handle slow growth and, if Lockheed receives this contract, we will grow and increase the prosperity on a permanent level.

Anyone who would be interested in adult education classes in Sales (real estate, insurance, etc.); Marketing (advertising, promotion, etc.); contact the Chamber of Commerce at 487-9048. If there is enough demand for these classes, organization will begin and these courses will be available.

The animal situation in the state, as in the nation, is tragic. Over population has reached alarming proportions. Most of the animals, dogs and cats especially, are unwanted long before they are born and they are destined to die miserable deaths. As we stated previously, our society is new, but we

Dear Editor:

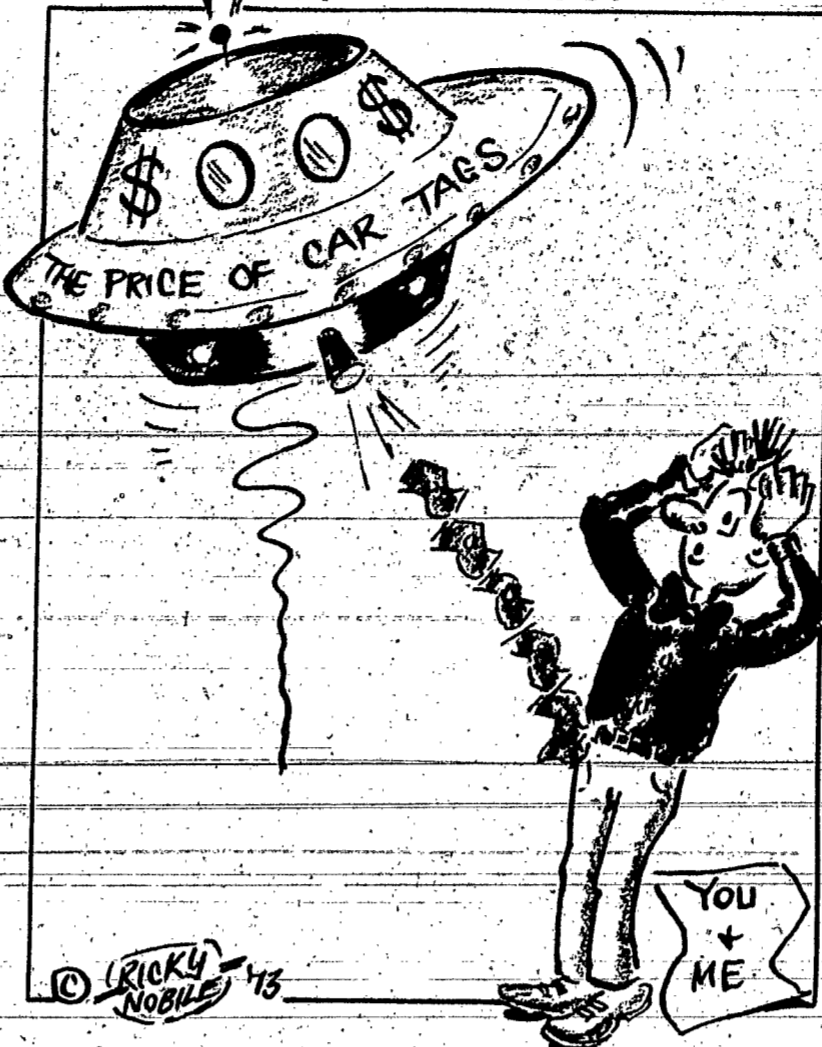

It is our intention to reach as many newspapers in Mississippi as possible. We hope we can obtain publicity for our cause which we consider to be of great importance.

Our Society will introduce animal control laws to the 1974 State Legislature. Although Mississippi has some very good laws now on the books, we need more. Our county, Hancock, cannot get involved until more laws are passed. At present, our two cities, Bay St. Louis and Waveland, do have ordinances, but not the county.

Bay-Waveland Humane Society, Inc., is newly organized. We aid and abet the two municipalities with their problems and are anxious to relieve the burden of the people who live in the county. As the law now stands we are not permitted to do so. It is evident that we need action on this point.

Our representative is Mr. Earl "Buck" Ladner. He is doing his utmost to assist, but he needs statewide help. Therefore, our society has taken upon itself the task of contacting every county, either a humane group or the mayor of each county seat, to refer our appeal to interested individuals. If either the groups or the individuals will contact their boards of supervisors, ask for a resolution that these officials are in favor of animal control, it will strengthen our position. If they will call upon their representatives and ask them to speak with Mr. Ladner, he will be happy to explain fully. Communications will then be open, we can all work together, and hopefully, the laws will be passed.

ANOTHER U. F. O.

Our Readers Write

are flooded with calls, letters, appeals, testimony to the fact that the time is here, now, when something constructive must be done to help the helpless. Our society, for one, is ready, willing and anxious to do all we can, but we need the laws to enable us to be effective in what has to be done.

We have learned through experience that there is no more concrete way to gain support and strength than through the news media. Therefore, we are appealing to you to assist us through your newspaper. If this communication will aid us most to be used as a letter to the editor, then kindly use it that way. If a news story with pictures would be most beneficial, we can furnish many details and all the pictures of miserable, starving, homeless, neglected dogs, puppies, cats, kittens, etc., you require.

We ask you to be the judge to decide which would best serve our purpose. That purpose being to awaken the people to the terrible injustices being perpetrated on the innocent animals who must accept what is handed out to them.

We are cognizant of the fact that passing laws is only half of the battle. Having them enforced is the other half, and one to reckon with. But we remain hopeful that once the situation, as it now stands, is brought to the attention of the public and to the lawmakers, the oversights will be corrected and our law enforcement officers will work with us. The challenge is strong but so are the means with which to fight it. We are sure that when we speak for our one little humane society in Hancock County, we are also speaking for countless other concerned citizens, both organized humane groups, as well as individuals throughout our state. Now is the time, here is the opportunity for them to stand up and be counted.

Please do what you can to help get the people of Mississippi involved. Would it not be wonderful if our great state could become a model in this field?

Thank you for whatever you can do to help. Thank you for caring.

Sincerely,
BAY-WAVELAND HUMANE SOCIETY, INC.

Dear Editor,

Regarding your article about the 65 speckled trout caught by the Gonzales brothers (Henry and Walter) and their sons, I would just like to give you an added bit of information that seemed to be over-looked.

I am a friend of Mrs. Henry Gonzales, and I know for a fact that she caught the biggest fish of the day—a 5 1/4 lb. trout. It strikes me as strange that her name was not even mentioned in your article. I do hope it was just an oversight, and not a conspiracy against top-notch women anglers on the beautiful Mississippi Gulf Coast.

Sincerely,
Susan Monjure
(Mrs. Joseph A. Monjure)

Dear Sir:

The two Labrador Retrievers, mentioned in my letter of last week, are mysteriously missing and their owners, Mrs. Luxich and her mother are deeply upset and grieving; the mother is going into the hospital soon for surgery and wants her dogs returned, before she leaves for the hospital. The children are saddened and want them back as play mates.

Please anyone seeing these two beautiful dogs, kindly call 7-8894 and ask for Mrs. Luxich at Clermont Harbor.

Thanking you, our Editor, for publication, and also those, who may happen to locate these lost animals. BAY WAVELAND HUMANE SOCIETY.

Eleanor E. McFie
Secy.

Lost in Congress

by Congressman TRENT LOTT

MASHING THE OSHA MONSTER

The most honorable of intentions in Washington are often washed away in a flood of bureaucratic decrees.

That's the case with the Occupational Safety and Health Act of 1970, known to most businessmen by its initials—OSHA. Originally intended as a protective agent whose sole purpose was to insure that Americans work in a safe environment, OSHA has ballooned and expanded so much during its brief existence that it now is a virtual monster.

Accordingly, there are mushrooming groups of protesting businessmen stalking the monster, crying for its death.

"The Occupational Safety and Health Administration of the federal government," one heavily circulated petition reads, "is, in our opinion, and under the guise of promoting health and safety, enforcing a federal program that will destroy the rights and privileges once enjoyed and always held sacred by individual men and women in this nation."

"Namely: The right to own, operate and control a private business or farm—with a minimum of interference from government!"

The petitions, signed and mailed to Mississippi Congressmen and Senators by disgruntled businessmen and workers, clearly spelled out the petitioners' intentions: "... Put OSHA out of business!"

"OSHA's expansive regulations have placed undue hardship and unnecessary burdens upon private operators," the petition continued, "and are ridiculous, outrageous, and wasteful."

The petition also pointed out the fact that OSHA regulations apply only to every PRIVATE employer—and would exclude every part of the federal government. That, in itself, is enough to stir the wrath of the average businessman.

Quite frankly, I share the feeling that OSHA has overstepped its bounds. If I were a businessman I, too, would yell for OSHA's hide.

As in most laws of this sort, the intent has been smothered in a litany of technicalities. Many of the rules have reached the point of absurdity. In one rule, employers are required to install coat hooks in rest rooms by federal decree. In another, a businessman was required to install expensive protective devices to keep employees from falling out of windows—on a one story building.

Metal stepladders are an absolute no-no for anyone wanting to install a lightbulb in a ceiling outlet. Wooden stepladders, on the other hand, are rarely tall enough or steady enough to reach a high ceiling.

One company got into trouble with OSHA for having ice cubes in the employees' drinking water. OSHA however, was chided so severely about that particular regulation that it was eventually dropped.

There are some 20,000 rules and regulations applicable to even the smallest firm. They are so vague and complex, one Biloxi businessman argued recently, that it would take full-time company lawyer to understand them and an engineer to implement them.

In an effort to bring this OSHA monster under control, I recently cosponsored three bills designed to provide some relief from unrealistic OSHA demands. One Congressman has even proposed repeal of the 1970 act, but that suggestion is pending before the House Education and Labor Committee with no action scheduled at this time.

Death of the act itself would kill the original good intent of OSHA—and that would be a shame. But death of the bureaucratic monster smothering that good intent would serve the best interests of everyone concerned.

Veterans Information

EDITOR'S NOTE: Veterans and their families are asking—thousands of questions concerning the benefits their Government provides for them through the Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

Q—Can I pay more than market value for a home I'd like to buy with a GI loan from the Veterans Administration?

A—Yes, provided you pay the difference in cash between the VA appraisal and the price of the home. The agency cannot approve a loan which exceeds the reasonable value of the home.

Q—Can I use tutorial assistance provided by the Veterans Administration after my GI Bill entitlement expires?

A—No. Unused tutorial assistance expires with GI Bill entitlement.

Q—I draw compensation from the Veterans Administration for a 30 percent disability. Since I will soon be 65 and retired, can I waive compensation and switch to pension?

A—Yes, if you apply to VA and it is to your advantage. VA will make determination based on information you provide, and pay you the higher benefit.

Q—Six months ago, Veterans Administration compensation for malaria contracted during military service in Vietnam was discontinued. Since I now have recurring attacks, how can I go about getting it reinstated?

A—A physician's evidence of your disability must be provided VA so the agency can determine whether to resume compensation payments.

Q—I was a medical corpsman before discharge from military service. How can I find a job with the federal government or a private hospital which can utilize my experience?

A—Ask the Department of Health, Education, and Welfare office in your federal district for the address of the MEDHIC (Military Experience Directed to Health Careers) office in your state. This office can counsel you on job prospects, as well as training and education opportunities in your field.

Q—Since some national cemeteries have been closed because of lack of space, will the Veterans Administration pay an additional allowance for veterans buried in private cemeteries?

A—Yes. A recent law (PL 93-43) permits VA to provide a \$150 plot allowance in addition to the maximum \$250 burial benefit when a veteran is buried outside a national cemetery.

Every 14 minutes, there's an accident on Mississippi highways.

There were more than 36,000 accidents last year. Resulting in more than 9,000 injuries and 922 fatalities. These statistics are much too high. Pay attention. Be alert. Watch out for the other guy. And, above all, Drive to Live!

DRIVE TO LIVE.
Governor's Highway Safety Program

CARL BALDENHOFER, Bay St. Louis resident, stands before two of his oil paintings which are now on exhibit at McDonald's Showroom on Main St. The one-man show, which features a collection of familiar scenes and landmarks of the Bay Waveland area, has been extended to run through Oct. 28. The painting at left is of the Sea Coast Echo building and the other, shrimp boats at Bayou Caddy, the artist says is one of his favorites.

Bourgeois Is Vo-Tech Center Counselor

Alvin Bourgeois, 34, was recently named Guidance Counselor at the Pearl River Junior College Hancock County Vocational Technical center. Adjacent to the Stennis Airport at Bay Saint Louis.

He has a BS degree in Architectural Drafting and has done graduate work at the University of Southern Mississippi.

Al is married to the former Patricia Watts of Sunrall. They make their home in Waveland.

Bourgeois, a native of Waveland, was employed at the Poplarville Vo-Tech center for the past two years.

DEATHS

AGNEL J. CUEVAS

Agnel J. Cuevas Sr., 78, died at 4 a.m. October 13 at Picaune Convalescent Home, Picaune, Miss.

Born February 15, 1895, he was the son of the late Armond and Velma Necaise Cuevas. He was a World War I veteran and a member of Annunciation Catholic Church, Kiln.

Survivors include his wife, Mrs. Onaize N. Cuevas; two sons, Agnel J. Cuevas Jr. and Rufus J. Cuevas, all of Rt. 1, Bay St. Louis; three grandchildren and two great-grandchildren.

Funeral services were held at 2 p.m. Sunday at Annunciation Catholic Church. Interment with military services was in Rotten Bayou Cemetery.

McDonald Funeral Home, Picaune, was in charge of arrangements.

DONALD C. MANIERI SR.

Donald C. Manieri Sr., 48, died at 5:25 a.m. Friday, October 12, at Baptist Hospital, New Orleans.

Born June 27, 1925, in Bay St. Louis, he was the son of Mrs. Amelia Ramond Manieri Bay St. Louis, and the late Sidney A. Manieri Sr.

Mr. Manieri was employed as a service man for Sears, Roebuck, New Orleans. He was a veteran of World War II with the U.S. Army; attended Bay St. Louis city schools and was a member of Our Lady of the Gulf Catholic Church.

Survivors, in addition to his mother, are his widow, Mrs. Bobbie Coleman Manieri; four sons, Donald Jr., Richard, Dennis and Jerry Manieri, all of Bay St. Louis; three brothers, Emile Manieri, Bay St. Louis; Tyrell T. and Sidney A. Manieri, both of New Orleans, and five sisters, Mrs. Franklin (Val) Witter and Mrs. Henry (Muriel) Brokmeier, Waveland; Mrs. James (Metzie) Blount, Gulfport, Miss.; Mrs. Ralph (Annabell) Radecker and Mrs. Victor (Vee) Ford Jr., both of New Orleans.

Funeral services were held Saturday morning from Riemann-Fahey Funeral Home followed by a Requiem Mass at Our Lady of the Gulf Catholic Church with Very Rev. Gregory Johnson, pastor, officiating.

Interment was in St. Mary's Cemetery. Pallbearers were Charles Brokmeier II, Bernard Piazza Sr., Ronald Radecker, Phillip Radecker, Tyrell Manieri Jr. and Victor Ford Jr.

A graduate of Bay High, PRC and USM, Bourgeois said he was very happy to be back in his home community. "I think the students of Hancock County have a tremendous opportunity to take advantage of something that has never been offered to students of this area, and this is a vocational-technical training. I really hope they make the most of this excellent facility."

Emphasis On Family In Drug Abuse Week

There's a new trend in informing and educating people about the dangers of drug abuse, says Mississippi's Director of Drug Affairs, David N. Speights.

"There is much more emphasis now," said Speights, "on the importance of family relationships and values, rather than specifically on the drugs themselves."

Speights said that this shift in emphasis will be apparent nationally during Drug Abuse Prevention Week October 21-27.

"This event," said Speights, "will be conducted at the national level through television and radio messages and in the printed media."

He said the Mississippi Drug Affairs Advisory Council will direct attention to the new approach through efforts at the state level.

"Many knowledgeable people have been saying for some time now that drug abuse prevention efforts should be directed to the underlying causes of drug abuse," said Speights. He added:

"We will ask Governor Waller to issue an official proclamation calling for observance of National Drug Abuse Prevention Week, and we hope that our educational leaders will focus attention on the drug abuse prevention message in the schools that week."

Speights said the members

of the Mississippi Drug Affairs Advisory Council are reviewing a current progress report on the State Plan for Drug Abuse Prevention which is required annually. The plan will be submitted to the National Institute for Mental Health and to the Special Action Office for Drug Abuse Prevention in the Executive Office of the President.

"We will be required to conduct a survey on the incidence and prevalence of drug abuse in Mississippi as a part of this plan," said Speights, "and Council members are looking into the best way to conduct the survey, which would, we hope, quantify what types of individuals are using drugs in Mississippi and what types of drugs are being abused."

WAVELAND MARSHAL Fred Bourgeois points to the broken bent wire on the door of a Waveland dog pound cage through which burglars stole an impounded Beagle dog last week. Animal Warden Ory Bourgeois said the purebred dog had just been picked up and was to be retrieved by its owner the following day. Marshal Bourgeois stated that if caught, the thief will be charged with trespassing, vandalism of city property and theft.

VALENTINE DESIGNS . . .

(Continued from Page 1-A)

had been as low as 10 in recent weeks. Personnel cuts have lowered total complement from 90 to 74, and one wing of the hospital has been closed, dropping the facility from 56 beds to 25.

New board member Robert Baxter, of Pearl River County, was welcomed. Baxter replaces C. A. Russ, by appointment of beat one supervisor Jerry Ladner.

A single bid was received for the sale of some 10 hospital beds, springs, mattresses and rails. The bid from Southern Mississippi Home and Rehabilitation Center in Long Beach, offering \$28 per bed, was accepted by unanimous motion.

A progress payment of about \$17,000 to Mandel Const. Co. for roof repairs, was approved for payment. The invoice submitted included architect's fees and work performed under a change order. The board recessed until Oct. 18 at 5:30 p.m.

UFO'S . . .

(Continued from Page 1-A)

threw the public into a minor panic, fearing invasions from alien planets and other flights of fancy and conjecture.

Whatever the individual's personal attitude toward acceptance of the existence of the craft, to those who have actually seen UFO's, some at allegedly close range, they are very real — and disturbing.

LEGISLATIVE GUEST — Senator Martin Smith (left) of Poplarville, representing Hancock and Pearl River counties, was a special guest of the University of Mississippi recently during Legislative Day, when elected officials of the State were honored by the University for their support of higher education. Welcoming Sen. Smith, son Martin and Mrs. Smith to Ole Miss is student Lucy Low of Laurel.

In the Kitchen

PEANUT-BUTTER HONEY PARFAIT
1 cup peanut butter
1/2 cup honey
1/4 tsp. ground ginger
1 quart Vanilla Ice Cream
Peanuts

Combine peanut butter, honey and ginger. Alternate layers of peanut butter mixture and ice cream in parfait glasses. Chill thoroughly. Sprinkle top with peanuts and serve. Makes 6 servings.

Drug Raid Nets 21 Arrests

Almost a pound of marijuana was confiscated and 21 Coast residents arrested following a raid at 9:30 p.m. Saturday at 415 E. Scenic Drive in Pass Christian, according to Pass Chief of Police Gerald Peralta.

The raid was conducted by the Pass Christian Police and the Harrison County Sheriff's Office.

Four of the 21 persons arrested were female juveniles, each subject was charged with possession of marijuana and possession of paraphernalia.

Arrested were Albert Guillot IV, 28, Bay St. Louis; William Earl Pursley, 20, Bay St. Louis; Robin C. Wink, 23, Ocean Springs; John W. Garner, 24, Long Beach; Diane Campbell, 21, Gulfport; Charles G. Campbell, 24, Biloxi; and Patricia S. Campbell, 33, Biloxi.

Others arrested were Jeffery R. Davis, 21; Douglas A. Brooks, 20; Kevin Owen Fresh, 18; Steve R. Johnson, 24; James H. Drury, Jr., 18; Michael A. Keel, 21; David R. Gavins, 21; Susan Ann Gavins, 22; and Michael Henry Balch, 22 all of Pass Christian. Two of the four juveniles arrested were from Pass Christian and two from Bay St. Louis. They were turned over to juvenile court authorities.

Bank Now Gives Time And Temperature

Since 1963 Hancock Bank has been serving the Hancock County-West Harrison County area with telephone time-of-day service. A temperature announcement is now being added to the already popular service, providing a new dimension to the familiar number, 467-9061.

The telephone time-temperature service should receive well over 1,500 calls per day, according to current projections, and that figure is expected to jump when the weather changes.

Leo W. Seal Jr., president of Hancock Bank said that time-of-day has received over 2.5 million calls to date. Equipment for time-temperature is located in the South Central Bell building. It runs continuously, 24 hours a day, and is able to answer three calls at any one time.

"Of course," Seal said, "the equipment for this service is designed to answer thousands of calls each day. Therefore each call is cut through at the beginning of the announcement and cut off at the end of one complete announcement. This allows a maximum number of callers to have access to the time-temperature service without getting a busy signal."

How does it all work? In the South Central Bell equipment building is automatic electro-mechanical equipment called "Audichron," which consists of time and temperature mechanisms and associated electronic control systems.

The time unit contains three separate records — the "message," the "hour," and the "minute" record. A unique feature of the machine enables it to automatically change the announcements. Thus, a person calling at

different times during the day would hear one of 12 announcements. The "hour" record contains 12 magnetic strips, representing the hours 1 through 12, and the "minute" record contains 60 magnetic strips representing the minutes 1 through 59.

The temperature unit contains one announcement record. This record has 161 pre-recorded magnetic strips representing the temperature from minus 40 degrees to plus 120 degrees F. The temperature system consists also of a sensitive thermometer mounted atop the telephone building. The thermometer

conveys its information to the electro-mechanical machine which in turn selects the proper pre-recorded temperature to be transmitted. This modern-day electronic wonder responds almost immediately to the telephone subscribers dialing for the time and temperature information. The time mechanism selects a "commercial," the correct "hour," and the correct "minute" followed immediately by the temperature mechanism giving the correct "temperature." To the caller, this is all heard in just 10 seconds.

RAPE TRIAL

(Continued from Page 1-A)

her secondly. The victim further admitted Tuesday that she was upset the night of the attack and could not be certain that all three defendants had had intercourse with her as she had earlier testified.

A surprise bit of testimony was given yesterday by state's witness Paul Miles, who altered some of his testimony given in the earlier trial. Miles said that the victim had been crying and had said "Oh God, I hurt."

Miles stated also that the brother of the victim had told him that if the defendants "had just waited a little while, they wouldn't have had to rape her."

Burge maintained in his testimony Wednesday that the victim had offered herself to him and the Bennett brothers if they would take them to New Orleans. The rape allegedly took place after Burge and the Bennetts picked up the victim and her brother at some point on Hwy 90 just outside Long Beach and promised to give them a ride to the New Orleans turnoff where Hwy 90 intersects Interstate 10.

The girl claims that Burge and the two Bennett brothers passed the exit and drove them to a remote spot on Hwy 607 close to the Mississippi Test Facility where they supposedly took turns raping her in the back of their pickup truck while the other two held her brother in front of the truck.

After Miles' testimony yesterday, Harold DeMetz said that the state intended to bring perjury charges against him based on his former testimony. Major Christian said that an examination of the victim early on the morning following the alleged attack proved that the girl had indeed had sexual intercourse, but that it was impossible to determine medically from his examination if the intercourse had occurred from force or not.

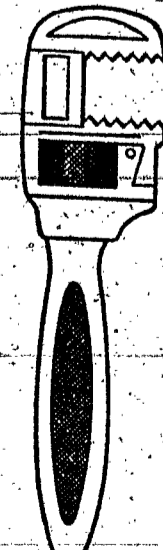

The girl's brother testified Tuesday that the defendant and the two Bennetts had threatened to kill his sister and to beat him up so bad that his sister wouldn't recognize him unless she cooperated with them.

"I heard her scream four or five times," he said, "and then I screamed too. I told them to let her go."

Both the girl and her brother testified that they had decided to run away from home after she had an argument with her parents. They were going to visit a friend in New Orleans, both said.

PC Pirates Defeat St. Stanislaus

by Edward Favre

COMING THROUGH—Perry Jenkins, quarterback for Pass Christian Pirates is stopped for a short gain around the end in the Pass Christian-St. Stanislaus game last Friday night. The Pirates won 8-6.

In a thrilling defensive battle last Friday night, the Pass Christian Pirates defeated the St. Stanislaus Rock-A-Chaws 8-6.

The first quarter was scoreless with the Rocks posing the only scoring threat, but were stopped when Bruce Brown of the Pirates intercepted a David Wier pass on the Pirate 22 yard line.

With 7:28 left in the second period, quarterback David Wier of Stanislaus threw a 20-yard pass to Wade Dugue for the first score of the game. The extra-point attempt from placement by Mike Price was no good. The score stood at 6-

0 in favor of Stanislaus.

Just two minutes later the Pirates scored when Hilton Swannier took a handoff from quarterback Perry Jenkins and raced into the end zone from 13 yards out. The two-point conversion by Pass Christian was good, making the score 8-6.

Neither team posed a scoring threat in the third period.

In the fourth quarter, the Rocks had the ball on their own nine-yard line, when Wier threw a pass to Dewey Hoda at about the 50-yard line and Hoda went the rest of the way for the TD. Unfortunately the play was called back and

Stanislaus was penalized, being charged with throwing an illegal pass, as Wier crossed the line of scrimmage before letting the ball go.

The final whistle sounded when a Wier pass was intercepted by the Pirates on their own 49-yard line.

Long Beach PeeWee Football Standings

The Long Beach Pee-Wee Football Program has now completed five weeks of its 1973 schedule.

"There are approximately 277 boys and approximately 60 cheerleaders participating from the 8 teams in our league," said Gerald Taylor, League Commissioner.

Parents, school officials and coaches should be aware of

the League rules against Saturday and Sunday practices and games. This rule was officially adopted so that all the youngsters could be with parents on the weekends for trips and other family affairs.

After five weeks of play the standings in the National and American Leagues are as follows:

NATIONAL LEAGUE:
Quarles Eagles — 4 wins, 0 losses; St. Thomas Tigers — 3 wins, 0 losses; 1 tie; Jeff Davis Chicks — 1 win, 2 losses, 1 tie; Green Acres Bearcats — 0 wins, 1 loss, 2 ties.

AMERICAN LEAGUE:
Pineville Panthers — 1 win, 1 loss, 1 tie; Jeff Davis Lions — 1 win, 2 losses, 1 tie; Quarles Saints — 1 win, 3 losses; Green Acres Trojans — 1 win, 3 losses.

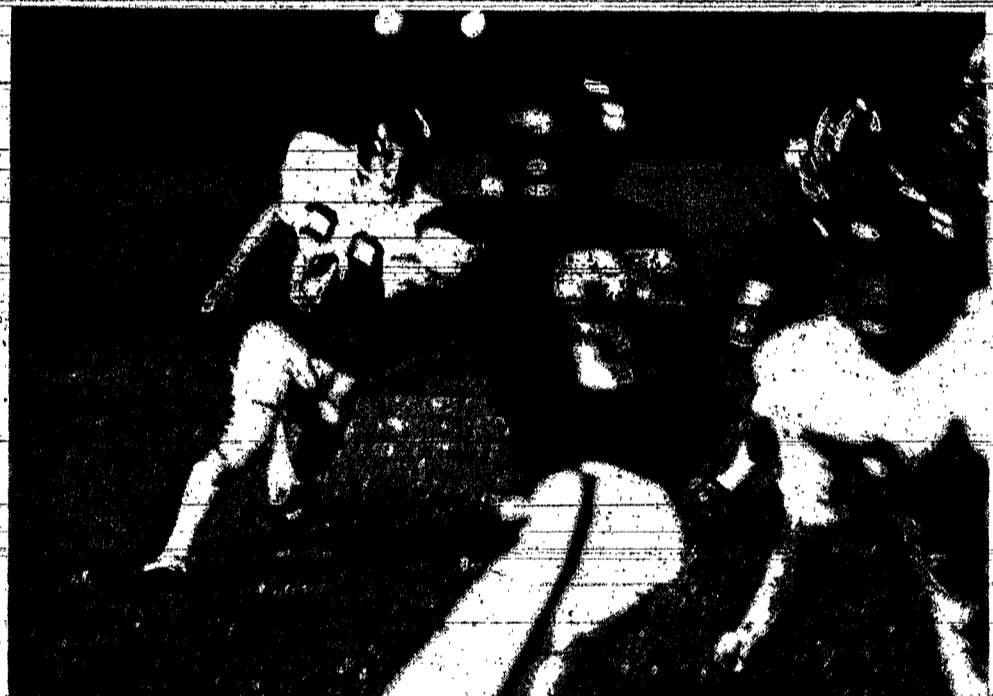

Some of the leading scorers are James Ware of the Eagles — 30 pts; Mike Stewart of the Eagles — 18 pts; David Denmark of the Saints — 12 pts.; Vincent Daurio of the Tigers — 12 pts. and Harry Olinger of the Tigers — 12 pts.

DIRECTORS NAMED

The regular monthly meeting of the Bayside Park Civic Association, Inc. was held October 11 at the association's headquarters.

Since the organization has received its charter, it was necessary to elect three directors and a trustee at this meeting. The directors are C. C. Neubig, Armand Serpas and Arnold DeSilvey. Mrs. Marie Strong was named trustee. Plans were also made for a meat ball and spaghetti dinner to be held Saturday, Nov. 10 starting at 11 a.m.

The next regular meeting will be Nov. 8.

RUN TO DAYLIGHT—St. Stanislaus senior halfback Johnny Ludlow (20) looks for running room as Pass High Pirates close in for the tackle. This long gainer came in Friday night's game at McDonald stadium.

St. Martin Gains First Victory Friday

by Edward Favre

The St. Martin Yellow Jackets gained their first victory of the 1973 football season last Friday night when they defeated the Hancock North Central Hawks by a score of 6-0.

The Hawks threatened to score in the first quarter when they drove to the Yellow Jackets 10-yard line, only to

lose the ball on downs.

Neither team could muster a scoring threat in the second or third quarter.

St. Martin scored in the fourth period when Arthur Rennick returned a Hawk punt to the Hancock 16-yard line. It took the Yellow Jackets four plays to score. Mike Cartrett got the TD on a five-yard run. The extra point attempt was no good. The final score, St. Martin 6, North Central 0.

The Hawks, 1-5, will host the D'Iberville Warriors at Hawk Stadium this week. Game time is 7:30 p.m.

Bearcats Win First In G.C. Conference

By Edward Favre

The Bay High Tigers lost their first game of the 1973 football season last Friday night at Long Beach, as the Long Beach Bearcats defeated them in double

overtime by the score of 14-6. The win gives the Bearcats undisputed first place in the Gulf Coast Conference battle with a 6-0 record. The Tigers went into this game with a 4-0 record.

In the regulation 48 minutes of play, neither team was able to score, throwing the game into overtime. This is the first time in Coast football that a game has had to go into overtime. It is a Gulf Coast Conference rule that when two conference teams play and the game ends in a tie, they have to go into an overtime period.

The rule states that at the end of the regulation play, if the score is tied, a coin will be tossed to see who gets the ball first. The ball is then placed on the 10-yard line of the loser of the toss and the team with the ball has four downs to try to score. After that, the other team gets the same opportunity at the other end of the field. If they both score the first time, then they go into a second overtime period.

Long Beach got the ball first and scored on a 10-yard pass from quarterback Tommy McKay to Pete Price. The extra point attempt from placement by James Dillorenzo was good.

Bay High then got the ball on the Long Beach 10-yard line and scored on a 10-yard pass from quarterback Mike Magee to Allison Farve. Sam Piazza made good on the extra

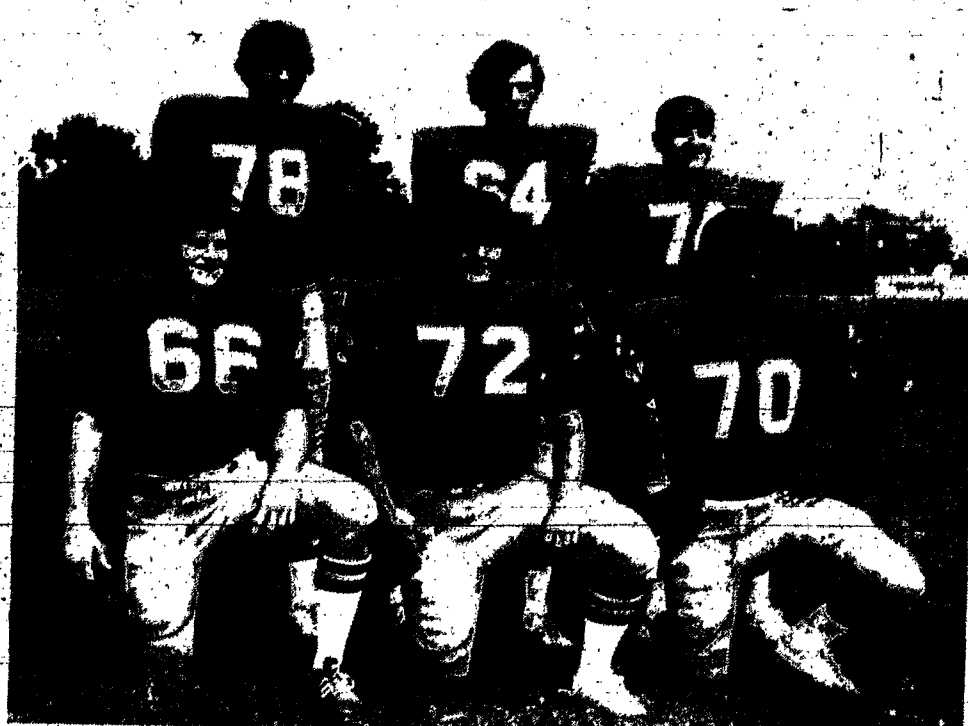

point from placement, tying the score at 7-7.

The second overtime period saw Long Beach start off on the Bay High 10-yard line. McKay scored on a six-yard run. Dillorenzo again converted the extra point from placement, making the score 14-7.

Bay High was unable to cross the Long Beach goal line on their second overtime try, thus ending the game with Long Beach winning 14-7.

This week, the Tigers, 4-1 will celebrate their homecoming and will host cross-town rival St. Stanislaus. SCORE BY QUARTERS:
Bay High 0 0 0 0 7 0-7
Long Beach 0 0 0 0 7 7-14

Clark Plans Comeback For USM Cagers

by Steve Doyle

With a solid rebuilding year under his belt, University of Southern Mississippi Head Basketball Coach Jeep Clark is looking for bigger and better things for the 1973-74 season, which has been dubbed "Operation Comeback: Year Two."

Clark will head into his third year as head man for the Golden Eagle cagers when practice opens Monday with more talent than in recent years. The likable young mentor had an 8-16 record last year against a very formidable schedule.

Two things hampered the squad last year. First, the team possessed only eight front-line players and tired easily in the helter-skelter type of fast-break offense employed by the Eagles.

Secondly, Southern had a tough time winning on the road, capturing only one of 13 away games, while winning seven of eight in Reed Green Coliseum.

Clark hopes to alleviate these trouble spots this year. The Eagles return six of 10 lettermen and enjoyed one of the finest recruiting years in recent times at Southern with eight newcomers. These 14 plus three 1972-73 freshmen will make up the squad. The five scholarship freshmen

signees will primarily be relegated to the freshman team.

Heading the list of returning lettermen is Glenn Masson, the squad's leading scorer with a 14.5 point per game average. Masson is expected to hold down one of the wing positions in Clark's one-four offense with sophomore James Palmer, who played in every game as a freshman standout and earned a starting job the last half of the year, at the other one.

At the two low-post spots, the Eagles return their big man last year, 6-10 Royce Woolever, and two-year regular Casey Price, 6-6, as well as 6-8 lettermen sophomore Terry Branch. Steve Greene, the ball-hawking point-man who makes things happen, will again quarterback the offense that averaged 84 points per game.

Clark says that there are no sure starters for the upcoming campaign and is planning to shuffle his players with regularity. "We feel our depth will give us 10 players who could start on any given night," stated the Coach. "We plan to utilize every player we have."

Two varsity transfers and a JuCo all-star prompted Clark to make that decision. Ronnie Malone, a 6-6 muscle-man from Corpus Christi, which dropped basketball, will help out inside. Wayne Herbert, a 6-5 red-shirt transfer from Southwestern Louisiana, and 6-4 Israel Garner, who averaged over 26 points and 15 rebounds for Southwestern (Miss.) JC, will battle the holdovers at the wings.

Up from the freshman squad are pointman Greg Prater and wingmen Dave Hammond and Jack Hawkins. Prater, leading scorer on the frosh squad with a 25-point average, was promoted to the varsity for the last five games a year ago and did a fine job. He will spell Greene, who suffered from lack of rest last year. Hammond and Hawkins were both fine performers for last year's frosh and are counted on to add depth to the squad.

The freshman signees include 7-1 giant Tom DeGraaf, 6-6 Ken Schepker, 6-4 Greg Sany, 6-4 Wilbert Jones and 6-3 John Prince. All are top-notch players with fine prep credentials.

The schedule is one of the toughest, if not the toughest, in the school's history. Adorning the lineup of foes are such names as Centenary, Tulane, Georgia Tech, defending national runner-up Memphis State, Ole Miss, and Roanoke. The Eagles will also participate in the Senior Bowl Classic in Mobile with host South Alabama, Missouri and Austin Peay, an NCAA regional semi-finalist.

Although the road will be rough, the prospects appear brighter than ever for a comeback for the Golden Eagles. Clark feels that he has the material and that "if we can win on the road, we should do all right."

Coast Episcopal Homecoming Is Saturday

This Saturday at 2 p.m. Coast Episcopal High's Red Raiders will meet Kehoe Academy of New Orleans for the Raiders' Homecoming game to be played on the CEHS field on Esby Ave. in Pass Christian.

This year's Homecoming Queen will be Miss Melanie Wingo, who will be presented by her father, Lee R. Spence. The ceremony will be performed by Headmaster Rev. Charles Johnson and Principal Peter Piskogios.

Other members of this year's Court are: Senior Maid - Miss Mary Craig, accompanied by her father, Edward Marshall Craig II; Junior Maid - Miss Gloria Dawn Vaughan, accompanied by her father, Daniel Glenn Vaughan; Sophomore Maid - Miss Helen Jean McClendon, accompanied by her father, Arvah Carlyce McClendon; and Freshman Maid - Miss Margaret Lee Deane, accompanied by her father, Donald Clayton Deane.

A dance is scheduled after the game from 8:00 p.m. to midnight in the Student Lounge at the school. Music will be performed by Timber Lake; admission is five dollars per couple and three dollars for singles.

The Gulf Coast Pony Club announces something new in the way of Halloween festivities, planned for Friday night at the Hancock County Fair Grounds in Bay St. Louis. A sort of Halloween party on horseback, the Halloween Gymkhana is open to all area riders under 18 years old. Ribbons and awards will be given to winners in 11 separate classes and participants are urged to come costumed (that's horse and rider, naturally!).

A kind of far out horse show which is planned strictly for fun and for youngsters, the event will begin at 6 p.m.

Classes are Costume, Water Carrying Race, Groom's Race (open to riders age six and under), Crazy Jump, Sack Race, Pole Bending, Egg and Spoon, Musical Sacks, Barrel Races, Brewers' Stakes (this one open to sober adults only), Dollar Stake.

Refreshments will be sold by Coast Episcopal High School for school athletic fund benefit. Entry fees are \$2 per class and all fees must be paid before rider may participate. For further information, call Mrs. Myers, 435-9285; Mrs. Daniels, 864-6414; Mrs. Betty Haas, 467-4234.

ALL THE GOOD THAT IS BEING DONE BY THE UNITED FUND IS MADE POSSIBLE BECAUSE YOU CARE.

DO YOU HAVE A DRINKING PROBLEM? If you think you have, chances are you do. Contact Alcoholics Anonymous for HELP. For information CALL 863-8620.

For the family of the problem drinker, Al-Anon meets Mondays, 8:00 P.M. St. Augustine's Cafeteria.

New Pound Hours Told

Bay-Waveland Humane Society met last Tuesday night at Ramada Inn, Waveland, with Mrs. Marie Hoefeld, president, presiding. Reports were presented by the various officers and Mrs. Hoefeld introduced Mike Bailey, new Bay St. Louis animal-warden.

Mr. Bailey announced the Bay St. Louis dog pound will be open every Friday from 10 a.m. to noon and he will be there to help those who want to adopt animals.

Mrs. Robert Brewer was named vice-president of the Society to replace Mrs. Hoefeld.

Open discussions were held following the business session. The entrance prize went to Ory Bourgeois.

Mrs. James McFie hosted the social hour. The next meeting is set for 7:30 p.m., November 13, at Ramada Inn.

STARITA PROMOTED

Marine Cpl. Randy V. Starita, son of Mr. and Mrs. L. E. Starita Sr. of 407 St. John St., and whose wife Donna is the daughter of Mr. and Mrs. E. E. Edwards of 405 Main St., all of Bay St. Louis, Miss., was promoted to his present rank while serving at the Marine Corps Air Station at El Toro, Calif.

TOP KICKER AND HAPPY RECEIVER Kelly Geroux, center, accepts a trophy from Charlie Henderson for Kelly's winning performance in the Bay and Mobile competitions for recent Punt, Pass and Kick contests, locally co-sponsored by Henderson Ford and the Bay Jaycees. Kelly won again last Saturday in New Orleans District meets. Little brother, Chris, 8, looks on.

Kelly Geroux Stays On Top In New Orleans PP&K Contest

An 11-year-old Bay St. Louis boy, a winner in the local Punt, Pass and Kick competitions sponsored by Charlie Henderson Ford and the Bay Jaycees, has distinguished himself again by winning the district competitions Saturday in New Orleans.

Kelly Geroux, son of Mr. and Mrs. A. W. Geroux, was first place winner in the 11-year-old class in the Sept. 29 Bay trials making him eligible for Zone competitions in Mobile Oct. 6.

In Mobile, Kelly came out on top again. Also competing at the Zone level were Keith Breland, 8-yr.-olds, Stephen N. Favre, 9-yr.-olds, Andrew L. Haas, 10-yr.-olds, Kelly's brother Kerry, 12-yr.-olds and Scott Stevens, 13-yr.-olds. Accompanying the young griders to both the Mobile and New Orleans events were

Jaycee chairman J. P. Compretta and Mrs. Compretta.

Kelly's zone win was a repeat of last year's performance, but a foot injury in the 1972 eliminations dropped him out of first place in district. This year, his first place in New Orleans District, where he competed against nine youngsters from a three-state area, will send him back to the Crescent City Dec. 9 where Kelly and an 11-yr.-old contender from Tennessee will try for the district first at Tulane Stadium, during half-time activities in the Saints-San Francisco '49ers game.

Second and third place winners, in that order, in the Bay-Waveland competitions were: 8-yr.-olds, Denny Lott, Rodney Rester; 9-yr.-olds, Larry Hopkins, Christopher Proulx; 10-yr.-olds, Bobby Richardson, Roger Burleson; 11-yr.-olds, Keith B. Favre, Melvon D. Barnes, Jr.; 12-yr.-olds, Edward D. Murtagh III, Gary Sotak; 13-yr.-olds, Kim Johnson, Kerry J. Corr.

Trophies will be presented to the above youngsters during pre-game ceremonies at the upcoming Jaycee Bowl football game.

BWYC Backwash

by Ann Stieffel 467-6300

The yacht club has reopened this week after a brief well-earned vacation for the management.

The Ladies Auxiliary held its regular monthly meeting at the Yacht Club Tuesday at which time the new constitution was approved.

Wednesday was the date of the Ladies Luncheon and Style Show. Shunning fall fashions were presented by Budd's of Long Beach, modeled by Bay-Waveland Yacht Club members.

The Board of Governors will meet Oct. 19.

BAIL THE BILGE will be Oct. 20. Hosts for the evening will be Dr. and Mrs. M. J. Wolfe, Jr., Mr. and Mrs. David Treutel, Mr. and Mrs. William Hilliker, Mr. and Mrs. Eugene Dillman, Gen. and Mrs. John Cook, Mr. and Mrs. Jan Brameyer, and Mr. and Mrs. Milton Cook.

Jackson Yacht Club will host their Hospitality Regatta on October 19, 20 and 21.

BWYC Junior Dance will be

Army Enlistees Get Pay Hike

A pay raise and a new accelerated promotion program have added two new touch-down passes to U. S. Army recruiter's game plan.

On the first of October a 6.14 percent pay raise went into effect for all Army personnel. This raise means that the basic recruit will now earn \$238.10 base pay. As a result of the pay increase, recruits will be able to enjoy an approximate \$20 raise effective in their first Army paycheck.

Va-Tech Classes Announced

Adult evening classes have been announced for Pearl River Junior College Hancock County Va-Tech Center, located at the Stennis Field.

Four classes are offered: Residential housewiring, basic cabinet making, basic machine shop, and automotive front-end alignment. All course fees are \$25 except front-end alignment which is \$15 for six weeks.

For further information contact Al Bourgeois at 467-3568.

In addition to the pay increase, the Army will also offer a new enlistment program which will give skilled workers an opportunity to enlist and be promoted to Specialist 4 or 5 rank immediately after 16 weeks of training and job performance. This feature gives vocationally and technically skilled workers an opportunity to fill Army needs and advance to a supervisor level almost immediately as his or her skill entitles them to do so. This new program will begin on December 1, 1973.

The pay increase and the accelerated promotion program are indicative, in the words of Major General John Q. Henion, Commander of the Army Recruiting Command, of "the national commitment of the Administration and the Congress of trying to make the Volunteer Army a peacetime success."

The Army recruiter can now add these two additional benefits to a recruiting package which offers an outstanding combination of training, skills, and benefits to prospective recruits.

Local Army recruiters' addresses and phone numbers are in the Yellow Pages.

There's more to electricity than meets the plug

Through wise use of your electric service, you not only conserve your money but also our nation's vital natural resources.

12 "Centsible" Tips On Laundry Appliances

- Accumulate a full load before running your washer. However, if you must wash a partial load of laundry, select the water level to fit the weight of clothes.
- Sort clothes according to type of fabric, color-fastness, or degree of soil. You'll save both hot water and electricity by doing similar items together.
- Choose the cycle that is precisely appropriate for the clothes you are washing. Is a "hot" temperature setting really necessary? Except for heavily soiled items, many loads will come clean in either a cold or warm wash. Use cold water and cold water detergents when they can do an adequate job.
- Use a sufficient amount of detergent. The amount should relate to degree of soil, the hardness of water, and the amount of water used in washing. Check detergent label as a guide.
- Be sure to clean your clothes dryer lint filter after each load. This helps cut down on drying time, saving electricity and money.
- Venting your electric dryer to the outside will exhaust heat and moisture and can save on your air conditioning costs during the summer months.
- A dryer in an unheated area, such as an outside utility room, may mean longer drying time in winter. The reason is that the air temperature inside the drum will have to be increased for drying. If possible, locate your dryer in a convenient location in the heated portion of the house.
- You waste electricity when you overdry clothes. Overdrying wears clothes out faster, makes them stiff, and set wrinkles. Clothes are also more likely to shrink at high temperatures. Experiment with your timer or automatic control to determine the right setting for just-dry clothes; then use it.
- Group clothes together by thickness to avoid an additional cycle for only two or three slower-drying items. (Pillows, small throw rugs, blankets, sweaters, and knits fluff up like new if you tumble them without heat for not more than 15 minutes. If you don't have a "no-heat" setting, choose the lowest temperature and tumble for about eight minutes.)
- Overloading causes extra strain and wear on your laundry equipment, causing it to work harder, use more electricity, and lose efficiency. Follow the manufacturer's recommendations for load weight. Balance the load by evenly distributing the clothes in the washer.
- For safety sake, be sure the control is "off" before reaching into your laundry appliances; be sure appliances are grounded; disconnect washer from outlet and turn off water faucets connected to laundry equipment during long absences. Also, keep dry cleaning agents, color remover, and Fiberglas out of your laundry appliances.
- Read the manufacturer's instruction book carefully so that you know how your particular model washer and dryer works best. If you would like additional help in operating your electric laundry appliances, contact one of Mississippi Power Company's Home Economists. She will be glad to assist you.

Helping You Live Better Electrically

Family Fire Escape Plan A Must

If flames were to engulf your home tomorrow would you be able to get your family safely out of the house?

Every family should have a practical emergency fire escape plan.

With Fire Prevention Week at hand, now would seem an ideal time to give your family the edge should fire threaten your home.

Fire Chief David J. Callahan, Jr. of Clinton, president of the Mississippi State Fire Chiefs Association, offers the following specific points on escape planning: Carefully figure at least two routes to the outside from every room in the house, especially bedrooms; Allow for blocking of stairways or halls by fire.

Get everyone in the habit of sleeping with closed bedroom doors—this will hold back flame and smoke in case of a nighttime fire, providing valuable extra time for escape or rescue.

For escape from upper floors, plan to use any available porch or garage roofs or folding escape ladders as ways down to safety. Be sure exit windows work easily and that they are large enough and low enough to get through.

Pick an outside assembly point where everyone in the house will meet for "roll-call" and be sure they all follow the rule, "Once out—Stay out!" Teach everyone how to call the fire department, from a street box or a neighbor's telephone. Summon firemen as quickly as possible after everyone is out of the burning house.

Make special plans for safe evacuation of infants, elderly, and infirm or handicapped persons.

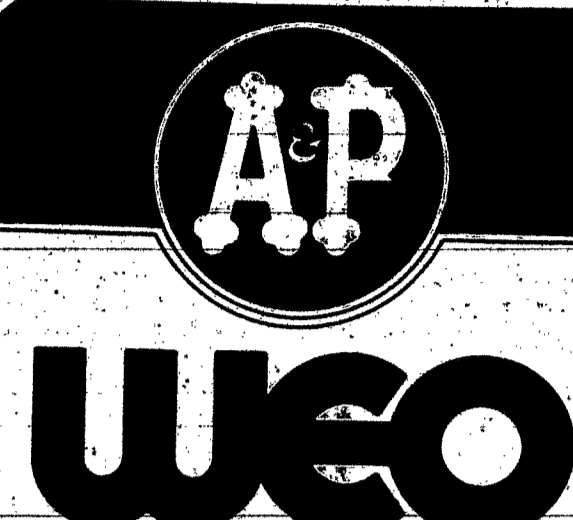

Keep your plan "alive" by having the family run through practice drills at least once every couple of months, all year long.

Escape arrangements for nighttime sleeping hours can be vastly improved by installation of home fire warning equipment. Because it awakens the family in the very early stages of the fire, it allows precious extra time for escape.

For complete protection, install throughout the house equipment that detects both the heat and smoke of fire. For minimum protection, install smoke detectors on hall or stairway ceilings near the bedroom area.

Be sure all such equipment carries the reliability seal of a

national-recognized testing Protection Association regularly test your equipment as if your life depended upon it --- for it very well may!

KANTCHA KETCHUM

By L.S. (Doc) Elliott

A number of fishermen stayed off of fishing the past weekend to watch the world series baseball games, as well as because of the high tides which have prevailed for the past week. East winds have kept the tides above normal which is bad for green trout (bass) fishing. The water was over every where. As stated before falling tides are best for both fresh and salt water fishing.

Speckles were caught early in the morning, up to about 8:30 a.m. Plenty red fish have been caught on under water plugs and with dead shrimp.

According to tradition bull croakers are usually here during the world series. The world series has come and gone but no bull croakers have appeared as yet in the croaker hole in Pearl River. They will probably come in later.

Sunday was the last day of the first segment of the dove season. Reports are that very few doves were bagged. The diehards got a few birds, however. When the second segment on doves opens expect hunting to be better then.

The squirrel season also opens on Nov. 3rd. In zone 2, which is in this section of the state, squirrel hunters will probably be out in force. Been too hot for rabbit hunting also. Cooler weather will help both hunting and fishing.

Merlin Necaise's fishing camp at DeLisle has and has been having live shrimp for bait. The camp is on the road going to DeLisle from Pass Christian. Both salt and fresh water fish are caught in Bayou De Lisle and Wolf River this time of the year. Boats can be rented at the camp and there is a landing ramp nearby.

Was a pleasure seeing Bill Witter the other day. Bill is one of our best and old time fishermen. He is now retired and lives in Waveland.

Another of our old time fishermen and hunters is Harold Zimmerman. Harold is still going strong. Gets his share of fish and game.

Was sorry to learn of the death of Donald C. Manieri last week. Donald was a son of deceased Sidney Maniere. Sympathy is extended to the family. He was a native of Bay St. Louis but worked in New Orleans.

This same bunch tries eating everything. James Ruhr, Gerald Kennedy, Norvin Penrose and Horace Ruhr, plus their wives. Just recently they had a neutral supper, then a sting ray supper and last week enjoyed a crow supper at James Ruhr's home. James says you must know how to pick crows for eating. The best way to test them to see if the crow is young is—if the legs bend and do not snap it is young. What next fellows?

The following is for boat owners:

"J. Burton Angelle, director of the Louisiana Wild Life and Fisheries Commission, today called attention of boat owners and operators throughout the state to regulations governing the carrying of lifesaving devices, and proper use of running lights at night, as well as proper lighting at night while anchored.

"Operators of all motorboats 16-feet and above must carry a Coast Guard approved wearable jacket, vest, or flotation device plus one throwable device. This regulation became effective October 1. Boats under 16-feet must have a lifesaving device

for every person aboard. "Power boats, underway at night, must display a white stern light higher than the forward red and green port and starboard running lights. Canoes, pirogues and other similar craft must carry a white light that can be flashed at intervals to prevent collision. "When at anchor, all power boats must display a white light that can be seen by any boat approaching from any direction."

La. Wildlife and Fisheries

One of our neighbors was telling me how a friend of hers was bragging about the green trout he had given her. He said he caught them in a pond at Picayune. Actually, he was hunting doves. The trout he gave her was given to him by a friend. We didn't know either how trout could be caught in a dove field.

Dr. Emile Bertucci visited us the other day. Doc said he was too busy to do any fishing right now. Will get back to it soon, he hopes. He also hunts. Has a home at Fenton where he has his own hunting and fishing in his back yard. The lagoon is full of perch and trout which he with the help of friends stocked. Must be wonderful to have such conveniences. Waiting for that trip, Doc.

Johnny Legendre and Bill Karl, both of New Orleans, spend their weekends at Bay St. Louis. They went crabbing over the weekend and caught two crabs and two flounders in their crab nets. Didn't think it was possible to catch flounders in a crab net. Fishermen learn new things on every trip.

Horace Ruhr and Norvin Penrose are busy working their fall gardens while waiting for the duck and goose seasons to open. They always have something to do, they claim.

Wild Bill (Whistling) Stewart doesn't do much fishing any more but is hard to beat when it comes to smoking fish. Bill has a secret all his own and enjoys having his friends eat with him. Smoking fish is his specialty.

Everyone enjoyed eating the 12 pound black fish caught by Dick Mestayer, Jr. and Norman Lamb out by the Buoy. Black fish are now a rarity. We remember when they were caught out in front of Waveland by the old timers. If you ever talk to Norvin Penrose ask him about them. His Dad made a specialty of catching black fish under small pine trees placed in the

SPORTSMAN OF THE WEEK - Bill Gaudet, old-time newspaperman and Waveland resident, still loves to fish and crab. Bill can tell some interesting stories about fishing.

water off shore. Black fish lay in the shadow of any object and are caught with a casting rod and usually dead shrimp. Exceptionally good eating.

Did you know that mullet, mullet roe, and moon melons (mushrooms) make mighty good eating? They were eaten at a recent fish fry at Horace Ruhr's home. The mushrooms were picked by Norvin Penrose, the fungus or fungi expert. He warns everyone to be sure to know what kind of mushrooms you are picking before eating them. Toad stools are a good resemblance.

Dan Haggerty, Jr. and family were over from New Orleans Saturday. Didn't have time to do any fishing. Will be back later, he said.

Trotting for green trout is an easy way to catch them. Use under water baits from now on. A Rapala, a black gnat with spinner, buck tail with rubber skirt, Hawaiian Wiggler are some of the best baits to use.

Red fish are being caught by trolling also. Alden Mauffray caught three rat reds last week down in Mulatto Bayou.

LOTT TO SPEAK
Congressman Trent Lott will be guest speaker at the Hancock County Farm Bureau's annual membership meeting to be held Saturday starting at noon at Hancock North Central School. There will be free meals for members and their families.

Miss. School Officials Visit West Point

Fifteen Central Mississippi high school administrators and guidance counselors will leave Jackson's Allen Thompson Field Sunday morning for a four-day visit to the U. S. Military Academy at West Point, N. Y., said Lieutenant Colonel Chetwin M. Hurd, commander of the Jackson Army Recruiting Main Station.

"The purpose of the trip is to acquaint Mississippi high school officials with the tremendous academic and extra-curricular programs at the Military Academy," said

Colonel Hurd, whose recruiting command includes Mississippi, Western Tennessee, Eastern Arkansas and portions of Louisiana, Kentucky and Missouri. The group, escorted by Captain Kirby Dennis, Jackson Recruiting Main Station operations officer, will

take off from Thompson Field at 8:30 a.m., Sunday, stop for additional school officials in Nashville, TN and Owensboro, KY, then arrive at West Point Sunday afternoon. There they will be met and escorted by Captain Peter Shea, the academy's admissions officer for the Southeastern U.S.

Ole Miss Has Hope For Homecoming

Comedian Bob Hope, acclaimed as the master showman of our time, will appear at the Ole Miss Homecoming Oct. 27 with a performance at the C. M. "Tad" Smith Coliseum at 7:30 p.m.

The announcement of the appearance of Hope was made by Ole Miss Chancellor Dr. Porter L. Fortune, Jr., who said the world known entertainer was being sponsored by the University in conjunction with the 125th anniversary of the school.

In addition to his Coliseum show, Hope will attend the Ole Miss-Vanderbilt football game and crown this year's Homecoming Queen.

Tickets to the Hope spectacular are on sale at the Coliseum to the general public at \$8.50 reserve seat price.

All mail orders should be addressed to The Bob Hope Show, P. O. Box 247, University, Miss. Enclose 25 cents for handling and postage. Checks should be made payable to The Bob Hope Show. Bank Ameri-Card and Master Charge are accepted.

Although best known to the public for his top-rated television specials, Hope makes no secret of the fact that while he loves TV and movie-making, it is being face to face with a live audience that gives him his biggest thrill.

The fearless topical humor he projects on his TV shows

becomes even more telling in his personal appearances. Local politics and politicians, sacred cows and celebrities, provide the material which so delights a local audience.

Bob Hope's fame has grown through the years through his 53 motion pictures—some of which were among the top box office grossers—though he never won an Oscar—and his other myriad activities. His overseas tours to entertain servicemen make up an odyssey that began in 1941 and continues to this day. He has spent every Christmas but two, since 1948, playing Santa to GI's around the world.

His indefatigable love of sports fostered the annual Bob Hope Desert Classic Golf Tournament, now in its 14th year, which attracts the greats of amateur and professional golf, raising thousands of dollars each year for desert charities. His efforts in behalf of the Eisenhower Medical Center in Palm Desert, Cal., has raised to date well in excess of three million dollars.

Bob Hope's awards and honorary degrees are legion. But the citation which covers the entire spectrum of his career was given him by the Sales Executive Club in New York, reading in part: "Superstar... super citizen... that's Bob Hope. He has created more laughter and gladdened more hearts than any other person in our time."

PRC Wildcats Remain Undefeated

Nationally ranked and unbeaten, the Pearl River Junior College "Wildcats" continued to dominate the South Division of Mississippi Junior Colleges Saturday night with a rain-soaked shellacking of the Southwest Bears 31-0 in Summit.

Intolerable weather conditions with rain pelting both teams throughout the first half had a great effect on the passing game of both squads. Pearl River mustered only 45 net passing yards to the Bears 31.

Quarterback Gary Blaise hit on two of ten passes in the encounter, while the Bear's signal caller completed four of 19.

The Wildcats completely dominated the contest, garnering 239 yards on the ground to South West's 5 and had a grand total of 284 infantry yards at the final gun.

Pearl River wasted no time getting on the score board after taking the ball at their own 34 yard line. J. W. Rawls scooted around right end for a 66-yard scoring scamper on the Wildcats first offensive play of the contest, Terry Adkins converted and the Wildcats led 7-0 with no more than 4 minutes gone in the clash.

James "Snuffy" Smith blocked a Bear punt six plays later at the Bear 43. Fifteen plays and three first downs later, Adkins split the uprights from the 22 for three points. The Wildcats led 10-0.

South West had to punt three plays later and a bad snap put Pearl River in a scoring situation at the Bear 10.

The going got rough for three plays and Adkins came in for the three pointer, but a slick pigskin and a bad kicking angle resulted in a miss.

It appeared the Bears had a break two series later, when a Bear fell on a Wildcat fumble at the PRC 49, but on third down, sophomore defender Eric Lymuel brought down a Bear Aerial at the Wildcat 35. The half ended 10-0 with the River on top.

USO To Open Club

The Gulf Coast USO Council voted to accept the invitation of the SeaBee Commander, Capt. W. DeGroot, to operate an on-station information and referral center in 1974 or sooner if possible.

National USO, due to a cutback in contributions, is in the process of reducing services particularly in marginal areas where low attendance causes high per visit cost.

It was the consensus of the USO Council—upon the recommendation of the United Fund Budget Committee and the Gulfport Chamber of Commerce, to move on the SeaBee Center where some USO services can be continued. The Biloxi Club will continue to serve all members of the Armed Forces and their dependents.

The Gulfport USO location on the SeaBee Center will be the first on-station USO in the continental U.S. During the Vietnam conflict, several USO facilities were located within U.S. military enclaves for safety reasons. Tentative plans call for the USO to be located in the same building housing the Gulf Regional Planning offices, a central location.

MISS FLAME CONTESTANTS gathered at Winn-Dixie Shopping Center Saturday morning to wind up Fire Prevention Week. Bay St. Louis Fire Department provided the demonstration and Miss Flame contestants Rhonda Ladner, Loni Voss and Cindy Heffer passed out fire prevention material to shoppers.

Bride-Elect Feied

Miss Mona Saucier, bride-elect of Wayne Ladner, was honored with a miscellaneous shower October 10 at 508 Highland Drive hosted by Mesdames Diane Bradford, Janet Anderson, Peggy Bounds and Karen Burke and Miss Jo Ellen Ladner.

The honoree's chosen colors, pink and Burgundy, were used in the decorations.

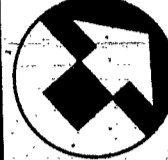

Miss Saucier, who wore a Burgundy and navy blue pants suit for the occasion, and the mothers, Mrs. Edna Puckett, and Mrs. Josephine Ladner, were presented corsages fashioned of net and miniature household gadgets.

The hostesses gift to the bride-elect was an engraved cake knife.

Miss Saucier and Mr. Ladner will be married October 20 in Our Lady of the Gulf Catholic Church.

Echoes

Mrs. Lucille P. Weeks and Miss Frances Noesges have returned from a months trip to Dubuque, Iowa, where they visited with Miss Noesges' sister Mrs. Frank Ferring and other relatives. En route home they stopped in Huntsville, Ala. and were guests of Mr. and Mrs. John Sweeney and family.

Miss Lavenia Barrett of New Orleans visited for several days this week in Waveland as the guest of Mr. and Mrs. Joseph Huss. She also visited Monday with her nephew Charles Gager in Bay St. Louis.

Mr. and Mrs. Harold Carver and sons Jerome and Matthew and Mrs. Jerome Carver attended the Mississippi State Fair in Jackson.

While there they visited with Mrs. Jerome Carver's son-in-law and daughter, Mr. and Mrs. A. J. Wilken Jr. and family.

Saucier-Ladner Nuptials

The wedding of Miss Mona Theresa Saucier, daughter of Mrs. Edna Puckett and Harold J. Saucier, both of Bay St. Louis, to Wayne Ladner, son of Mrs. Josephine Ladner and Hester Ladner, also of Bay St. Louis, will take place at 2 p.m. October 20, in Our Lady of the Gulf Catholic Church, followed by a reception at 430 Main Street. Relatives and friends are invited through this medium to attend the wedding and reception.

MRS. JONES TO SPEAK
Mrs. H. Lee Jones Jr., Director of Reading Study Foundation, Natchez, Miss., will be guest speaker at Coast Episcopal High School, Pass Christian, Friday.

Mrs. Jones will discuss perceptual problems in children with teachers after school and with the parents at 8 p.m. All parents are urged to attend.

Because of the importance of this meeting Christ Episcopal Elementary PTA meeting has been postponed and will be held November 8.

FOR WOMEN

Bay-Waveland Altrusa

Miss Oustalet Chosen Outstanding Youth

The Outstanding Youth for the month of October selected by the Altrusa Club of Bay St. Louis-Waveland is Roxanne Oustalet, a senior at Coast Episcopal High School. Roxanne is the daughter of Mr. and Mrs. A. J. M. (Bubba) Oustalet, Jr., of 753 East Beach, Pass Christian.

Club, the Chorus, the Athletic Club, the National Forensic League, and the Catholic Youth Organization. The busy Miss Oustalet still finds time to play on the tennis team, work as a member of the Annual staff, and participate in the Science Fair. She has attended the United Nations Youth Tour and Cheerleader Camp; has worked on fund raising; and participated in the Bay St. Louis Beautification Program and Clean-up Week.

A plaque denoting her selection as Outstanding Youth for October was presented to Roxanne along with a certificate at the October 11 meeting of the Bay St. Louis-Waveland Altrusa Club. The plaque will be displayed at Coast Episcopal High School while the certificate will be a permanent memento for Roxanne.

The Outstanding Youth Award is presented each month by the Bay St. Louis-Waveland Club to an outstanding female student from one of the schools within the community. Nominations are based upon the student's contributions to community, church, and school activities, scholastic achievement, leadership abilities, and her ability to get along with fellow students and faculty.

ROXANNE OUSTALET

The active Miss Oustalet was a semi-finalist in the Society for Outstanding American High School Leaders, has been selected to Who's Who Among American High School Students, and is a member of the Society for Outstanding American High School Leaders. She has served as a member of Gayler's Teen Board.

Academically, Roxanne is one of the top five students in her class, receiving a history award and a speech award for her achievements in these areas. She has been twice elected class president and now serves as vice-president of her Senior class.

Other offices held by Roxanne include secretary-treasurer of the Student Council, head cheerleader and Editor of the school newspaper. In addition she is a member of the National Honor Society, the Drama

During the hot summer months, a lot of families waste electricity—and money—by not using their air conditioning system efficiently. Most specialists recommend that your thermostat should be set at approximately 76 to 78 degrees for maximum comfort and decreased operating rates. Over-cooling your house just raises your electric

bill. There are more ways to save on air conditioning, such as proper insulation, making certain that doors and windows seal tightly, and proper care of equipment. Your Electric Power Association has a free booklet for you, with tips on how to save money on all your uses of electricity. Just visit our office or write us for your copy.

Mr. and Mrs. William Frisbie have been vacationing and touring some of Diamondhead resort areas. Their first stop was at Lake Forest, Mobile, then on to Arrowhead in Atlanta, Georgia, and they spent four days at Pinehurst, North Carolina, where they enjoyed golfing and touring the long established spa.

Trinity Rummage Sale Set For Nov. 2

Date, time and place of the annual Rummage Sale sponsored by the St. Monica Chapter of Women of Trinity have been announced by Mrs. John McCloskey, president of that organization.

The sale will begin Friday, November 2 at 2 p.m. and continue through 5 p.m. of that date. Again on Saturday, November 3, the sale will begin at 8 a.m. and end at 1 p.m. The Parish House of Trinity, on the corner of Church St. at St. Louis, will be the site.

Newspaper Courses

HATTIESBURG - The University of Southern Mississippi's Courses by Newspaper has been approved by the State Department of Education for renewal of teaching licenses.

Announcement of the approval by the State Department was made Monday by USM's Director of Independent Study, Dale Clark. The program is administered by USM's Division of Extension and Public Service.

Participation in the course is available through the two cooperating newspapers, The Meridian Star and the Biloxi-Gulfport Daily Herald. The program features 20 1400-word lectures on "America and the Future of Man," the first course in the series.

Both papers print the course material each Sunday and for a \$30 fee, the student can receive credit from USM. A kit consisting of additional readings and instructional information is available for a slight fee.

Further information on Courses by Newspaper is available by contacting Department of Independent Study, Southern Station, Box 56, Hattiesburg, MS 39401, or 266-4308.

Births

Mr. and Mrs. Irvin E. Favre of Rt. 1 Box 159, Pass Christian, announce the birth of their third child Jeffrey Spikes, born October 8, at Memorial Hospital in Gulfport. The baby weighed 9 lbs. 14 ozs. Mrs. Favre is the former Bonita French.

Shelton was elected first vice-president to fill the vacancy at this meeting. New members welcomed into the club by President Sorensen were Mmes. Thomas Berry, Thomas Shelton, and George Killash. The monthly program was on Horticulture in this area, presented by Mrs. Augustus Elmer, a member of American Horticultural Society. Mrs. Elmer is a member of this club and was appointed program chairman for the new year. Mrs. Joseph Viguerie, past historian, presented the history and scrapbook of the club's first successful year.

The Sorensens have been on the go. George was in Dallas, Texas last weekend, and Billie and some Ross and Ted spent the weekend in New Orleans where she entertained out of town guests. Mr. and Mrs. J. Bolton of Mt. Kisco, New York, and Mr. and Mrs. J. Douglas of Tampa, Florida at a theatre and supper club. Prior to George's departure the Sorensens were entertained in New Orleans at a dinner party hosted by Mr. and Mrs. J. Davis.

The Diamondhead ladies golf group held a "Larry Miller" tournament last Thursday honoring the new club pro, winner for the first flight was Beff Cook of New Orleans with low net of 78. Runnerup was Corrine Lader with low net of 78.

Second flight winners were Char Hanson with low net of 84 and runnerup was Addie Roberts, championship trophies for 1973 were awarded. This Thursday will be Ladies guest day.

Mr. and Mrs. Herb Larsen of Baton Rouge and Diamondhead entertained weekend guests at the supper dance last Saturday. In attendance were Mr. and Mrs. Tom Dickerson.

Mrs. Walter Gex has been motoring to New Orleans almost daily to be with her mother who has been in Ochser Foundation Hospital for a month. Master Joe Gex has been confined at home due to illness, but is on the mend. Glad to hear that Mrs. Charles Cantrell is much improved.

A welcome to Mr. Al Summy of Bay St. Louis who has a new vacation home completed in the village. Also to Mr. and Mrs. Anthony P. Musso, of Country Club Estates, Covington who purchased property in the Village last week with plans for a summer home to start immediately. Mr. Musso is a retired Louisiana attorney.

Mr. and Mrs. Norman Hall entertained New Orleans guests at a dinner party Sunday evening at the club. In attendance were Mr. and Mrs. Harold Clavier, director of St. Bernard Parish Community College, Mr. and Mrs. Paul Tollanich, teachers at the college, and Mr. Joseph Jaeger, French instructor and artist.

Recent guests of Judge and Mrs. Dan Russell were Mr. and Mrs. Harry Ash of Chicago and Miami.

RETURNS TO ENGLAND Mrs. Louise Oxenham, well-known Bay-Waveland resident leaves Sunday to return to her home in England. Mrs. Oxenham and her late husband came to the Gulf Coast from New Orleans some 30 years ago and lived on Nicholson Ave. in Waveland. Following her husband's death, Mrs. Oxenham moved to a Bay St. Louis apartment. The couple had many close friends in the two-city area.

JUNIOR CYO officers for Our Lady of the Gulf School, elected at a recent meeting are, front row from left, Aime Scaffie, cultural chairman; Missy Treutel, secretary; Leslie Wolfe, spiritual chairman; Steve Treutel, social chairman. Back row from left, Tommy Kidd, treasurer; Jeff Hansell, parliamentarian; Jon Nan McKenzie, president; Danny Hayden, vice-president; Katrina Kersenc; athletic chairman.

Club Calendar

The next meeting of the Bay-Waveland Humane Society is scheduled for 7:30 p.m., Nov. 13 at the Ramada Inn in Waveland.

Pass Christian Ladies Golf Auxiliary will present, "Fair Way to All", Friday, October 26, at Pass Christian Isles Golf Club.

There will be cards at 10 a.m. and a fashion show presented by the Princess Shop of Bay St. Louis followed by refreshments and a tea at 1 p.m.

Models will be selected from the club's lady golfers and the event will be commented by Jane Ann Van Scoter.

Monthly meeting of the Sodality of Our Lady of St. Clare's Parish, Waveland, will be held at 2 p.m. October 23, in Costello Hall.

All members are asked to attend. Christ Episcopal Day School PTA meeting date has been changed to November 8, 7:30 p.m. at the Elementary school building in the Bay.

WAVELAND GARDEN of the Month chosen by the Bay-Waveland Garden Club for the month of October is the home of Mr. and Mrs. Theodore Dittmar, 254 Pine Ridge Drive.

All Day Events Mark Bay Hi Homecoming

Bay High will celebrate Homecoming Friday with an afternoon parade and evening's festivities that include coronation of the queen and the football game with St. Stanislaus.

The day's events will mark the culmination of a week of feverish activity at the school. Homecoming 1973 promises to be the biggest in the history of Bay High. Action gets under way at 2 p.m. Friday when the student body presents its Homecoming Court to the

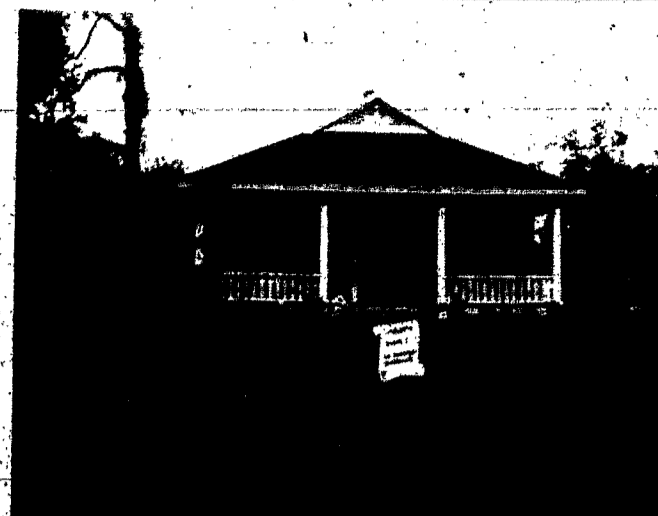

public in parade featuring floats, bands, and decorated cars.

The parade will follow a rectangular route, beginning at Bay Junior High on Second Street and proceeding to Main Street; down Main Street to Beach Boulevard; Beach Boulevard to Ulman Avenue and back to the Junior High. At the Junior High the parade will end with an outdoor pep rally.

At 7:10 p.m. as the Queen and her court will ride their special float into Tiger Stadium. Reigning as queen will be Miss Leigh Ann Russo, daughter of Dr. and Mrs. Walter C. Russo. In her court will be Senior Maids

Miss Kim Coles, daughter of Mr. and Mrs. T.O. Coles, and Miss Tricia Robinson, daughter of Mr. and Mrs. H.L. Robinson; Junior Maids Miss Sandra Levens, daughter of Dr. J.B. Levens and Mrs. Irma L. Levens, and Miss Frances Spotorno, daughter of Mr. and Mrs. G.A. Spotorno; Sophomore Maids Miss Bonnie Binegar, daughter of Mr. and Mrs. John Binegar, and Miss Terri Lagasse, daughter of Mr. Paul M. Lagasse and Mrs. Gerald Gex.

Miss Russo will be crowned in pregame ceremonies and her court will reign over the game, which begins at 7:30 p.m.

BAY ST. LOUIS GARDEN of the Month chosen by the Bay-Waveland Garden Club for the month of October is the home of Dr. and Mrs. Larry LeBon, 1000 N. Beach Blvd.

Echoes

Roy G. Huss, Professor of English at Queen's College, New York, and author of several books and magazine articles, has returned to New York after vacationing in Waveland with his parents Mr. and Mrs. Joseph Huss.

Weekend guests of Mr. and Mrs. Herbert Cardin were their daughter Laura Nell and Miss Georgeann Holland of Metairie, La.

A 75th birthday was the occasion for an at-home barbecue honoring Mr. Louis Latour of Bayside Park last Friday. Mr. Latour was host to a gathering of friends for the afternoon affair.

Nereids Plan Halloween Party

The Krewe of Nereids October meeting was held at Traylor's Civic Room in Waveland.

The Parade Captain announced that Mr. Edward Scanlan, New Orleans float builder and designer, had completed all of the nine floats for the annual Mardi Gras

parade to be February 17, 1974 in Waveland. The Krewe will view the floats for the first time at the annual Den Party when they are assigned their riding positions.

Retail Grocers To Meet In New Orleans

The Louisiana Retail Food Dealers' Association, representing all retail grocers throughout Louisiana and Mississippi, will hold a 16th Annual State Convention and Trade Show October 28 and 29, at Braniff Place (formerly the Jung Hotel) in New Orleans.

Vincent Pizzo, Executive Director of the association said, "We have scheduled three outstanding seminars to assist the grocer in operating more efficiently."

The Boxed Beef seminar will be conducted by Hughes Bagley of Iowa Beef Processors; the Frozen Foods seminar will be conducted by Gene Pfister of The Green Giant Co.; the Electronic Cash Register seminar will be

conducted by Joe Pollock of National Cash Register Co. Pizzo continued, "This will be the largest food convention ever held in the south, and every grocer attending will have the opportunity to learn of the latest products, equipment, and services through the seminars, exhibits, and conversations with fellow grocers." There will also be special activities for the ladies.

The convention is opened to every retail grocer in Louisiana and Mississippi. For complete details of the convention call or write the La. Retail Food Dealers Assn. (804) 834-9940; L.R.F.D.A., P.O. Box 10425, New Orleans, La. 70181.

Local History Explored

The University of Southern Mississippi will sponsor a workshop on Local History on Oct. 27 at the campus of USM-Gulf Park.

According to workshop director Dr. John Gulice, the meeting is designed to promote an interest in local history and to create enthusiasm among young people through junior historical societies. The workshop is sponsored by the Mississippi Committee for the Humanities and the Mississippi Historical Society.

Among participants in the

program will be Dr. Byrle Kynard, director of the Mississippi State Historical Commission, and Dr. Orley Caudill, director of the Mississippi Oral History Program at USM. The session will be held from 9:30-11:30 a.m. in the auditorium of Hardy Hall on the USM-Gulf Park campus. Registration will be held at 9 a.m.

Teachers and laymen interested in the field of local history and junior historical societies are invited to participate in the workshop.

TESTING OF FIRST GRADERS BY JUNIOR AUXILIARY MEMBERS WAS UNDER DIRECTION OF GULF COAST MENTAL HEALTH PROGRAM - A UNITED FUND AGENCY.

THIRD BIRTHDAY

Kim Iwanczyk celebrated her third birthday Sunday with a party at the home of her parents Mr. and Mrs. Tim Iwanczyk in Gulfport.

Attending from Bay St. Louis were her grandparents Mr. and Mrs. Herbert Cardin and daughter Laura Nell, Mrs. Carl Banderet and Mrs. Henry Monti Jr., and daughters Michelle, Kim, Melissa and Sandra.

Happy birthday wishes go to Glen Maffee and Allen Catalano. Also birthday wishes to Mr. Wilber McArthur, Mr. Pat Wilkinson, Mrs.
